Common Market Is Aim Of Conference

PUNTA DEL ESTE, Uruguay (AP) — The inter-American summit conference appeared to be making some headway today as President Johnson and Latin American chiefs of state engaged in even debate on the economic future of Central and South America and the role the United States will play in it.

In advance of the conference's first formal session late this afternoon, the foreign ministers reached preliminary agreement on a preamble to the final conference declaration calling for economic integration of Latin America and creation of a common market. The preamble also expressed U.S. endorsement and a pledge to support it.

Even this draft is a synthesis of Brazilian and U.S. proposals plus several dozen amendments — many heading into initials. Representatives of a number of nations said they wanted another look at it before giving their final approval.

Problems For Chiefs

Despite four days of preliminary discussion, the foreign ministers were obliged for lack

of agreement to leave the toughest issues for their chiefs to deal with. President Johnson was faced by Latin American demands which he has to resist because he lacks blanket approval from the U.S. Congress to increase U.S. commitments to the southern part of the hemisphere.

The United States, while strongly supporting the move for gradual creation of a common market, also is pushing the idea that if Latin America is to emerge into the 20th century free of violent revolution, it must be largely a do-it-yourself proposition.

A number of Latin American nations have been demanding that the United States give preferential treatment to their goods in the U.S. market and that Washington permit the use of Alliance for Progress dollars in the world market, rather than restrict them to purchases in the United States. With its unfavorable balance of payments problem, the United States cannot bow to these demands.

Informal Talks Important
A U.S. government source has said that Johnson's individual

talks with the Latin American presidents will probably be more important than the formal summit sessions. The U.S. President spent a busy day Tuesday.

Significantly, Johnson went to the headquarters of President Raul Leoni of Venezuela and talked with him for an hour and 20 minutes, more time than he devoted to private conversation with any of the other chiefs of state.

Leoni is a key figure. He represents the democratic left and is the head of a country with bright economic prospects. He is dead set against the inclusion in the preamble to the final declaration of any political phraseology, such as "advanced continental resistance to Communist subversion." Evidently, President Johnson has been eager to have such language incorporated in the preamble.

The United States strongly supports the idea of the Latin American common market and has offered to help tide over the American nations while they adjust their trade patterns. But the Latin nations are reported to resent U.S. efforts to share in launching the common market.

Trucks Roll As Teamsters, Truckers OK National Pact

Tri-State Pact To Boost Area

MADISON, Wis. (AP)—Michigan Gov. George Romney has joined governors of Wisconsin and Minnesota in forming a state-federal commission to boost the economy of 119 counties in northern areas of the three states.

"Today we are igniting what we hope will be a chain-reaction for progress," Romney said Tuesday. He said it would have to start with local, private effort.

"Government can never supply the drive, energy and creativity of the people themselves," he said. He called the Upper Great Lakes Region Commission "a supplement, but not a substitute for local action."

Romney, Minnesota Gov. Harold LeVander and Wisconsin Gov. Warren P. Knowles signed the commission charter.

In a news conference, Romney was asked whether he had made a decision to enter the

Wisconsin presidential primary. His answer was "No." The governors' agenda included a request for \$400,000 in federal aid for technical assistance projects in the three states.

They agreed to a Nov. 1 deadline for staff drafting of a preliminary report on projects. The final draft is to be submitted to Congress by Jan. 1.

"Our task here is to provide the impetus for action," to create "a catalyst for cooperation," LeVander said.

The commission represents 45 counties in Michigan including the Upper Peninsula, 36 counties in Wisconsin and 38 in Minnesota.

A federal official, Thomas Francis, will serve as co-chairman of the agency, which will have its office in Washington.

Romney repeated his earlier description of the effort as one "in which Washington can sit in a regional organization without sitting on it."

Membership To Vote On 3-Year 50 Cent Boost

WASHINGTON (AP) — Trucks began hauling the nation's goods to market again today after a national contract agreement with the Teamsters Union ended a three-day industry lockout.

The three-year contract including an estimated 50-cent hourly wage hike must still be ratified by 450,000 workers in some 12,000 trucking firms, but Teamsters General Vice President Frank Fitzsimmons urged the industry to immediately "get our people back to work."

Details of the pact were not announced.

Ends Panic

Agreement by Trucking Employers Inc. got trucks rolling again within hours after the 1 a.m. settlement and was expected to end scattered panic buying, mass layoffs in some industries and a nationwide scare of growing shortages of many commodities.

Trucking Employers Inc. had called the lockout by some 1,500 of the nation's biggest firms in response to a rash of small Teamsters strikes that involved a few hundred men in a dozen or so cities.

"We are calling off our defensive shutdown," M. M. Gordon, president of TEI, said after the group's board of directors had met nearly three and a half hours.

"We are notifying all our associations and carriers around the country, requesting that they go back to work," Gordon said.

Chicago Tied Up

An exception, he said, is the Chicago area, where Teamsters are on strike and the trucking firms are not represented by TEI.

Normal Here

Claimant Transfer Co. and Olson Transportation Co. today reported their trucking operations in Escanaba back to normal after a two day shutdown in the national tie-up.

The two trucklines were operating everywhere on their routes except in Chicago, where all trucklines were struck today by Local 705 of the Teamsters and by the Independent Teamsters Union. These unions handle and distribute trucking in Chicago and while Local 710 of the Teamsters, composed of over-the-road drivers, was not striking it was observing the picket lines of the other locals, effectively tying up all Chicago trucking.

The striking unions, which bargain separately from the other councils, were reported far from agreement with truckline offers as negotiations resumed today.

Over-the-road trucks were bypassing Chicago.

In calling the lockout last Saturday at midnight, TEI had broadly hinted that President Johnson should invoke the Taft-Hartley Act with an 80-day cooling-off injunction.

But high government officials made it clear they wouldn't recommend an injunction unless the lockout effects became more severe. The contract announcement quickly followed.

Gordon said the industry policy committee will meet Thursday. The board of directors of TEI will recommend to its policy committee that it accept the contract agreement, he said.

"This has been a real case of collective bargaining. This has been no case of government pressure," said chief federal mediator W. L. E. Fink, who worked for weeks with fellow mediators Walter Maggioni and Gilbert Seldin to win the settlement.

20,000 Laid Off

In Chicago, one of the hardest hit cities during the lockout, a wave of panic buying stripped some supermarket shelves of canned goods and produce.

More than 20,000 auto workers in numerous cities were laid off at least part of a day because of a shortage of parts. A Boston food chain switched to rail shipment for its perishables and the

NASA Denies Grissom Move Set Appollo Fire

WASHINGTON (AP) — The space agency rejected — after tests — suggestions that astronaut Virgil I. Grissom might accidentally have touched off the Apollo spacecraft fire, it has been learned.

The Grissom possibility was raised Tuesday night in testimony by Dr. John McCarthy of North American Aviation Inc. before a congressional panel investigating the accident.

McCarthy said Grissom might have kicked a wire, causing a spark that started the blaze.

A review board probing the fire, which claimed the lives of Grissom and two fellow astronauts, made no mention of possible involvement by Grissom.

A reliable source said the National Aeronautics and Space Administration conducted tests at the Manned Space Flight Center in Houston, Tex., with another astronaut. And, the source said, officials decided it would have been extremely difficult for Grissom to have kicked the wire because of its position under his seat.

Contortionist Needed

"He would have had to have been a contortionist," the source said.

McCarthy, testifying before the NASA oversight subcommittee of the House Science and Astronautics Committee, later told the panel, "I only brought it up as a hypothesis."

Afterward he told a reporter: "It was a mistake to bring it up. It was a possibility. The evidence was burned up."

McCarthy's suggestion drew the ire of two subcommittee members.

Rep. William F. Ryan, D-N.Y., said hotly, "I don't think it was a good idea to place the blame on a courageous American who is not here to defend himself."

Rep. James G. Fulton, R-Pa., said, "As a friend of Gus Grissom, I feel I should clear the air."

"In my opinion as an attorney of some years' experience," he said, "there is no scintilla of evidence" indicating Grissom contributed to the cause of the fire.

U.S. Pilots Grounded In Bomb Mistake Killing 105

SAIGON (AP)—The U.S. Air Force has reprimanded three of its pilots, docked their pay and temporarily grounded them for the worst bombing mistake of the Vietnam war.

A 7th Air Force board of inquiry cleared a fourth pilot who flew the two-plane strike on March 2. The strike killed 105 Montagnards — mountain tribesmen — and wounded 250 in the village of Lang Vei, in the northwest corner of South Vietnam.

The board of inquiry said the bombing mistake was "inadvertent and the result of navigation errors." It ordered the disciplinary measures against the flight leader and the two copilots who were responsible for navigation. The other pilot was cleared.

Review Next Week

The names of the pilots were not immediately available. The Air Force also refused to disclose the amount of pay lost and details of the reprimand — which normally would affect promotion and future assignment of the officers — until expiration of an appeal period.

Nails Spilled On Expressway; 19 Tires Go Flat

DETROIT (AP)—A barrel of nails tipped over in the back of a truck whizzing along the I-96 expressway near suburban Novi Tuesday and the flat tires began to mount.

About 4,000 nails, spilled out of the truck and onto the highway, deflating 19 tires—10 of them on one vehicle, a gravel truck.

"Boy, did I find myself right in the middle of it," said State Police Trooper Larry Eatherton of the Redford Post who was answering a call when his patrol car encountered the nails and a tire went flat.

Eatherton said the three-inch nails were scattered along a quarter-mile section of highway. "We even picked them up out of the crevices," he said. "We didn't have a broom. My legs are unbelievably sore."

He was assisted in the pickup of nails by Hillard Ferguson, 35, an employee of Contractors General of Michigan and driver of the truck carrying the barrel of nails.

The Air Force said the three grounded pilots, who are based in Thailand, would go before a flying evaluation board in the next week for another review of the incident.

This was the first report of disciplinary action taken against U.S. personnel responsible for a bombing mistake in the Vietnam war. About a dozen such incidents have been reported, with about 500 casualties.

The bombed village was packed with refugees who had fled from Communist-controlled areas. The strike was aimed at a U.S. Special Forces camp overlooking Lang Vei in the mountain belief it was a Communist fortification.

Both the two-seater F4C Phantoms dropped antiperson-

nel cluster bombs which missed the camp and fell into the nearby village. U.S. Special Forces men and Montagnard irregulars in the camp fired on the two jets, assuming they were Communist, but one of the camp's machine guns jammed.

An Air Force spokesman said the target on which the fliers had been briefed had almost identical terrain features as the Lang Vei area. He said steps had been taken to prevent recurrence of such an accident but declined to say what these were, explaining they were classified.

The board of inquiry reported that the tactical air navigation system in one of the Phantoms was not working and said the twilight conditions also contributed to the error.

Congress Gives Rail Negotiators 20-Day Breather

WASHINGTON (AP)—President Johnson urges railroad management and shopcraft union negotiators to make maximum use of a 20-day cooling-off period to avoid "the terrible consequences" of a nationwide rail strike.

The President, attending a

He praised Tuesday's swift and overwhelming passage of the resolution in both houses. The Senate vote was 81 to 1 after a 90-minute debate. The House debated just 20 minutes before its 396-8 vote of approval.

The resolution was shipped by air to Uruguay for the President's signature.

The 20-day breather would extend a current 60-day truce that has blocked a strike by six railroad shopcraft unions which would hamstring railroads which account for 95 per cent of the nation's rail freight.

Johnson, asking Congress for the extension, had warned of the catastrophic effect of a prolonged rail strike on the nation's economy.

He said it could boost unemployment as high as 15 per cent, force nearly immediate layoffs of 40,000 coal miners and cripple attempts to supply U.S. fighting forces in Vietnam.

Members of the six unions average about \$2.50 an hour, with skilled machinists receiving up to \$3.04. The unions are asking a 7 per cent pay boost. The railroads are offering 5 per cent.

Law Signed

WASHINGTON (AP)—President Johnson, operating with jet plane speed in a ground transport crisis, signed into law today the resolution barring a nationwide strike for an extra 20 days.

The National Mediation Board announced it had received word the President, at a hemispheric summit meeting in Punta del Este, Uruguay, had affixed the signature that made the measure effective.

hemispheric summit meeting in Punta del Este, Uruguay, was expected today to sign a Congress-approved resolution authorizing extension for 20 days of Thursday's 12:01 a.m. strike deadline.

News In Brief

By The Associated Press

WASHINGTON — As many as 60 concrete men plan to attend the Paris Air Show next month as expenses-paid observers. Air Force seeks help in finding rooms and rental cars for junketeers.

LANSING — State Water Resources Commission announced a May 15 deadline for application for federal grants under the U. S. Water Pollution Control Act. Federal grants may cover up to 30 per cent of costs of construction.

TOKYO — "We're on a private visit. We're tired and want to be left alone," said Mrs. Joan D. Rockefeller IV as she and her bridegroom arrived at a downtown Tokyo hotel today. The couple are to remain here until April 30 and then go to Hong Kong.

HONG KONG — Mao's drive to top Red China's President Liu Shao-chi is reported encountering stiff opposition in three big central Chinese provinces. The report may not save Liu but it indicates Mao still faces trouble in the hinterlands.

DAMASCUS, Syria — The Syrian army re-asserted tight control on the Syrian-Israeli frontier today for the second day in succession. It claimed three Israeli soldiers were killed and two wounded.

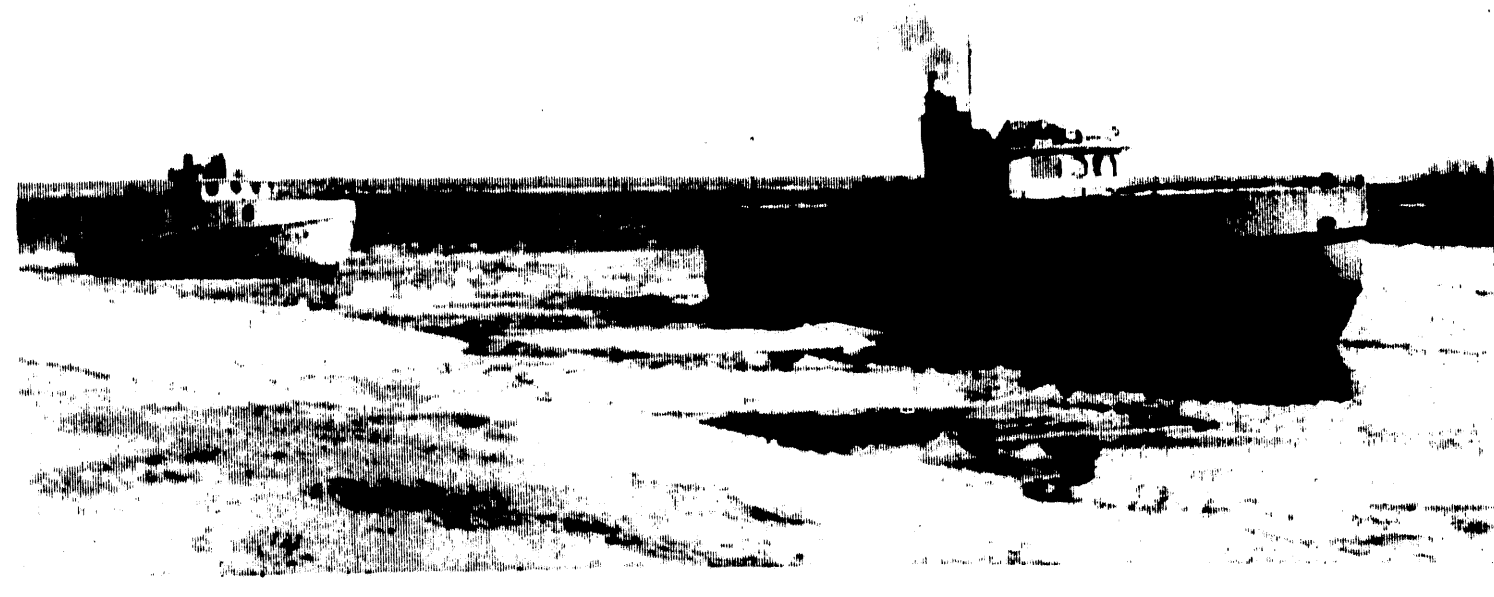

JACKSON — Nearly half of Jackson's registered voters turned out to defeat a proposed open housing ordinance by a 212 to one margin. In the vote Tuesday, 5,326 of 9,003 ballots were cast against the proposal.

LANSING — Apparently moving away from one-party strategy that failed in the Senate, House Republicans indicate they are willing to negotiate with Democrats before putting fiscal reform to a vote. Democrats continue to say the GOP proposals give individuals too great a share of the new tax burden.

AUSTIN, Tex. — Deciding their rented duplex is too small for an expanding family, Lucie Johnson Nugent and her husband, Patrick, have bought an expensive French provincial home. They plan to move in about May 1. Lucie's baby is due around June 17.

Today's Chuckle

The nicest thing about silence is that it can't be repeated.

Dr. Stanley J. Idzerda

Idzerda Heads Summer School

MARQUETTE — Dr. Stanley J. Idzerda, a former director of Michigan State University's honors college, will be the distinguished visiting professor during Northern Michigan University's eight-week summer session, June 19 - Aug. 11.

Now the dean of the college at Wesleyan University, Middletown, Conn., and visiting lecturer in history at Yale University's Graduate School, Idzerda was director of MSU's honors college from 1956 to 1965.

Idzerda, 46, and native of New York City, is chairman of the College Entrance Examination Board's Advanced Placement Committee and is a past president of the Society for French Historical Studies.

An innovator of programs for the gifted and creative college students, he received bachelor's degrees from both Notre Dame and Baldwin-Wallace (Ohio) College, and his master's and doctor's degrees from Western Reserve University, Cleveland, Ohio.

Hubleys Win Third Oscar

HOLLYWOOD (AP)—Winning Academy Awards is nothing new to John and Faith Hubley. The husband-wife team collected Oscar No. 3 Monday night during the 39th annual Academy Awards ceremonies.

The Hubleys received their Oscar for the best achievement in a cartoon short subject "Herb Alpert and the Tijuana Brass Double Feature."

In 1960, the Hubleys won the award for "Moonbird" and in 1964 for "The Hole."

"We try to paint a fresh graphic style closer to direct painting," said Hubley, a native of Iron Mountain, Mich., in summing up the success of his animated pictures.

In addition to the Academy Award, the Hubleys captured a Cannes Festival prize in 1961 for their UNICEF production of "Children of the Sun."

The Hubleys have been working as a team since 1955.

Among the Hubleys other productions are "Of Stars and Men" with Harlow Shapley, director of the Harvard Observatory, and "The Hat" with Dizzy Gillespie and Dudley Moore.

Hubley's headquarters are in New York, but his mother, Mrs. Verena Hubley, still lives in Iron Mountain. Hubley graduated from Iron Mountain High School in 1932.

School Election Deadline May 13 For Candidates

The deadline for filing nominating petitions for the annual school election in the Escanaba Area is May 13, Supt. Luther M. Barrett informed the Board of Education Tuesday night.

Petitions must contain the names of at least 20 registered voters of the district and be filed at the school administration building by 4 p. m. on May 13.

The annual election is scheduled Monday, June 12.

Two positions on the Escanaba Area Board of Education will be open with the expiration of the terms of Dr. Vernon Johnson and Kenneth Buckland. Neither man has indicated as yet whether or not he will seek reelection.

The terms are for four years.

The great artist Rembrandt died in poverty. He lost his popularity in 1656 and became bankrupt.

TEAMSTERS UNION LOCAL 328 gives \$200 to the Cancer Society in its 1967 Crusade, with (left) George Dunlap, secretary-treasurer, presenting the check to Clyde Nyquist, recording secretary, who is also directing the union solicitation for the Cancer Crusade. Local 328 donations so far this year total \$695 to the Boy Scouts, World War I Veterans, March of Dimes, Escanaba Area Schools Music Department and the Epilepsy Foundation. Last year the Teamsters made donations to 22 agencies. (Daily Press Photo)

\$12 Per \$100 a Year Limit

New Law On Time Buying

By FRANK J. KELLEY
State Attorney General

The new Michigan retail installment sales law now effective provides for comprehensive protection for consumers buying goods and services on time. This law is applicable to virtually all consumer installment purchases of goods and services except those used for household improvements and motor vehicles which are regulated by the home improvement finance law and the motor vehicle finance law respectively.

The new law uses a three-prong approach in seeking to regulate retail installment sales contracts.

First, it requires that all retail installment sales contracts be in writing and that they contain certain specific information. For example, if the contract is not payable in equal installments, this fact must be printed in the contract in bold-faced type.

Perhaps the most important disclosure which must be contained in the contract is the amount of the time price differential. This charge is the amount over and above the regular sales price a consumer pays for the privilege of buying on time. In addition to this charge a consumer buying on time might also be required to pay for other official fees, insurance premiums, etc. Any such charge must be itemized in the contract. These disclosures will allow the consumer to know exactly how much it is costing him to buy an item on time.

Secondly, the law protects the consumer by limiting the

maximum amount of charges which may be made for the privilege of buying on time and prohibits the inclusion of certain provisions in installment contracts. The maximum time price differential allowed on the purchase of an item costing less than \$500 is \$12

Delegates To Girls, Boys State Selected

RAPID RIVER — Helen Wnuck and Tom Safford were selected by their junior classmates and teachers to represent Rapid River High School at Girls and Boys State.

Helen, daughter of Mr. and Mrs. Charles Wnuck of Rapid River, ranks in the upper one-third of her class, is secretary, treasurer of the student council and is active in forensics, journalism, chorus and school committees.

She will travel by bus to the University of Michigan Campus, Ann Arbor June 18-25 and join with 462 Michigan girls in learning and developing leadership qualities. Helen's trip is sponsored by the Rapid River American Legion Auxiliary, Walter W. Cole Post 301.

Tom, son of Mr. and Mrs. Thomas Safford of Ensign, is an active member of Rapid River High School's junior class. He is an honor student, a member of the varsity basketball, track and cross-country teams and has served on the school's student council.

In Tom's freshman year, he was selected by the school faculty to represent the school at conservation camp, Eagle River, Wis. He's extra curricular activities include, forensics, chorus and 4-H Boys State will be conducted at the Michigan State campus, June 14-21. Tom's sponsor will be Rapid River American Legion Post 301. Boys' State is attended by over 1,000 boys between the ages of 16-18. Government operations will be studied with the delegates.

Hospital

S. Sgt. U. Clyde McGinnis, son of Mr. and Mrs. Clyde McGinnis of 910 1st Ave. N. is a patient at Scott Air Base Hospital in Belleville, Ill.

Mrs. Theodore Broeders of 209 N. 5th St., Wells is a medical patient at St. Francis Hospital. Her room is 340.

In 1677, heirs to the land between the Merrimack and Kennebec rivers sold Maine to Massachusetts for about \$6,000.

Tentative Area Budget Of \$2,425,774 OK'd

A tentative operating budget of \$2,425,774 for the 1967-68 school year of the Escanaba Area public schools was given approval for submission to the Delta County Tax Allocation Board by the Board of Education Tuesday night.

The budget reflects an increase of \$445,549 over the current operating budget of \$1,980,225.

With estimates of revenue based on the 1966 school district equalized valuation and on last year's state aid formula, the district would need 13.4 mills from the Tax Allocation Board to balance the budget. It currently receives 7.2 mills.

Cut Possible
Supt. Luther M. Barrett indicated that if the state aid formula doesn't change to provide the district with more money and no additional local funds are forthcoming through a larger tax allocation, the Board of Education would be faced with the possibility of trimming some \$400,000 from the budget.

The budget adopted Tuesday was only tentative for Tax Allocation purposes. Final budget will be adopted later in the year after a public hearing.

Included in the \$2,425,774 figure are provisions for salaries of some \$1,915,000 for school teachers, administrators and other personnel. This would include several new teachers expected to be hired to staff the district's new elementary schools when completed this fall, plus additional teachers at the high school to meet demands of growing enrollment.

Barrett said that the Board of Education does not desire to ask voters of the district to vote additional millage.

Census Takers Named
In other business Tuesday, the Board accepted the bid of R. Nordquist, heating contractor of Ford River, in the amount of \$1,633.50 for renovating the heating system at Webster school. The bid was the lowest of several submitted which completely met specifications of the board.

The bid of \$8,690.90 for library furniture for elementary schools was accepted. The bid also was the lowest which completely met specifications.

Keep Rakings Out Of Street, Residents Told

Spring clean-up is fine—but leaves and other debris should not be raked into the streets, Kenneth Tushak, public works superintendent, warned Escanaba residents today.

To do so is a violation of the city ordinance and can bring warnings and prosecution. Put the rakings in containers and place them in the alley or where they will be picked up with the garbage, Tushak said.

Mrs. Robert Mosenfelder was appointed to represent the Area School district at the election of the Intermediate Board of Education and the following persons were appointed as takers of the 1967 school census: Arthur Nelson, Ford River; Mrs. Ethel Wright, Cornell; Mrs. William Olson, Wells; Mrs. Audrey Fix, Mrs. Phyllis Tolman, Mrs. Ethel Victorson, Mrs. Mary Meyer and Mrs. Irene Chernick in Escanaba. Purchase of window blinds

Johanna Schleif Dies On Monday

Johanna Schleif of Rapid River died at 12:15 p. m. Tuesday at St. Francis Hospital after being admitted six hours previous. She was born Aug. 1, 1887 in Holland and her husband, Henry, died in 1956.

Mrs. Schleif was a member of the Guy V. Henry Auxiliary of Spanish American War veterans. She is survived by one son, Henry T. of Taylor, Mich.; two daughters, Mrs. Robert (Elizabeth) Dutton of Rapid River and Mrs. Clayton (Ruth) Schmidt of Sparta and seven grandchildren; two brothers, David Vandeborren of Grand Rapids and John of Afton, Mich.; two sisters, Mrs. Rex Donnerberg of Belmont, Mich. and Mrs. Owen Scully of Grand Rapids.

The body has been taken to the Anderson-Johns Funeral Home and will be removed to the Vanstein-Alman Funeral Home in Grand Rapids. Friends may call there Wednesday evening. Funeral services are tentatively set for Friday afternoon with Rev. George L. Young officiating. Burial will be in the Cascade Cemetery.

for \$7,962 for the new Southside, Franklin and Washington schools and the additions to Soo Hill, Wells and Lemmer schools from Newman Visual Education, Inc., was approved, as was payment of \$130 to the Michigan Association of School Boards as an additional dues assessment.

The Board also authorized investment of the A. J. Young Scholarship fund of \$10,000 in bank savings certificates when the Treasury Notes in which the fund is now invested mature June 30. The Treasury Notes pay 2½ per cent interest, while bank savings certificates would yield between 4½ and 5½ per cent.

Rental of Township Halls from Ford River and Cornell Townships for \$1,500 was approved and the Board set Tuesday, April 25, as the date for a special meeting to open bids on elementary school classroom furniture.

Footie With Uncle

The Press was concerned about the external appearance of an arrangement between the City of Escanaba and the local Community Action Agency. After an explanation of the situation by Ray LaPorte, director of the CAA, we see it in clearer light but with continuing concern.

The city, which has been planning for a community recreation center for many years, is nearing the action stage, having engaged an architect and having \$300,000 in cash (Catherine Bonifas bequest) on hand and it has teamed up with CAA on the project.

The city has had several optional plans under consideration, some modest and minimal, some fancied up with a swimming pool. CAA suggested that the city would be eligible for federal funds under a grant from the Department of Housing and Urban Renewal of as much as \$342,000. Such funds couldn't be used to build a municipal swimming pool, but they could be used to put up a recreational facility so that the city's funds could be used for a pool, if that were desired.

Original planning for the recreation center provided two rooms for CAA offices in the building and at one point council was examining plans with five rooms for CAA. This has been reduced to two, but the inclusion of any could suggest that the city is taking care of CAA's office needs in order to get its endorsement for federal funding.

Not so, says Ray LaPorte. He explains that the CAA offices proposed for the recreation building are not for his usage as director, but for recreational project and service work of the CAA. The Community Action Agency, as its name suggests, serves many community needs of action and there is no federal provision for its housing; this becomes the responsibility of the community. (The cities of Escanaba and Gladstone have been friendly toward CAA and Delta County not so much so.)

CAA's federal funds are exhausted until July 1, when it will be known whether there'll be more. Escanaba has not waited for this deadline, however, and is proceeding with recreation center architectural planning. CAA prepared the city's project for the Department of Housing and Urban Renewal and obtained for it at the Chicago regional office a clearance which is regarded as tantamount to Washington financing of \$342,000 when federal funds are available again.

If Congress votes nothing, however, the city will have lost nothing, suggests LaPorte, and if it provides funds the city will have received a large grant of money with no strings attached and can use its own funds for other allied purposes.

Tracing things backward this opportunity for aid with recreation comes because of the federal government efforts to ameliorate big city slum conditions by building community centers, originally under the Neighborhood Facilities Act. The sponsors had in mind such situations as the one that exploded in the Negro community of Watts, a Los Angeles suburb. Escanaba has no Negroes but it does have community recreational needs and obviously a federal program would not be set up just for Watts or just for Negroes, it deals with broad general conditions of need.

The benefits of this act are aimed at low income families and the inclusion of modest Community Action Agency office space in the community building was influential with the Department of Housing and Urban Renewal in gaining its approval of the project. It is an earnest of continuing interest in such a program of community services.

LaPorte said that the city has asked the CAA to do a feasibility study of a Senior Citizens Service Center for Escanaba. This is another project in the same concept as the community recreation center. "We'll go to the Michigan Commission on Aging," said LaPorte "like we did in our study for Manistique. These are forgotten people and the hope would be that they could have one room for senior citizens in the community service center. We hope to find space for the legal services program; it's going great guns."

LaPorte said that the basic consideration in the community center is not aid to CAA — that it may not be in business for an extended time — but the community's concern for its people and especially those with some needs. "And we have them," he said "if you don't believe it come sit in my office and listen."

The situation reveals the indecision so common in American cities today as they try to work out a new relationship with the federal government. It is unbelievable that cities like Escanaba cannot meet their obligations of civic services with their own means, but federal legislation created essentially to deal with city slum problems has made general aid available. The process, of course, makes federal government very expensive and encourages federalism.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago
Training of civilian volunteers who assisted city police officers in civilian defense work began, Police Chief Michael Ettenhofer announced. More than 100 volunteers were recruited.

The senior ball at Escanaba High School was held on April 10. The theme of the dance was very patriotic, and Bill Dupont's orchestra provided the music. Parents were able to watch the dance from the balcony of the gymnasium. The ball was the first in a series of events held during the last school term.

50 Years Ago
Yesterday, April 11, was the warmest day of the spring season, with the temperature mounting to 58 degrees shortly after noon in the official thermometer at the weather station. It was also reported that all of the ice on the bay was rapidly melting.

A patriotic mass meeting was held last night at the Strand Theater. The theater was completely filled, and hundreds of other people stood outside at the open doors to hear speeches

and addresses. The entire audience swore allegiance to the government of the United States and, in climax, sang "America."

Milliman On Michigan

Income Tax Start Date Moved Back

By RICHARD L. MILLIMAN
Of Panax Newspapers

LANSING — Jockeying and delay in the Legislature on new taxes has moved the earliest date a personal income tax could start back to Sept. 1 and more realistically to next Jan. 1.

That's because it takes four to six months to get things into proper gear to collect a new levy of the proportions of a personal income tax.

For one thing, it means recruiting and training about 300 new employees, plus finding space in the crowded Lansing office areas to house the new division. Total collection costs are estimated at \$3 million.

Clarence Lock, state revenue commissioner, estimates that the personal income tax would involve 150,000 to 160,000 returns each month from withholding agents — an increase of more than 25 per cent in the volume of work his department handles now.

The returns would cover about 3,000,000 persons. Last year, 2,900,000 persons filed federal income tax returns in Michigan.

Gov. Romney, in presenting his tax reform package, set a deadline of April 1 for adoption of the new taxes could be collected starting July 1.

Both deadlines have been passed.

Lock pointed out the problem of beginning a new income tax is complex.

"It takes time to get lists of withholding agents (employers who will deduct the taxpayer's part of the tax from his paycheck), develop withholding tables, get forms printed, set up the procedure to handle tax returns, acquire certain equipment, hire personnel and find office space," he said.

Around the nation, 35 states have personal income taxes, and 38 have corporate income taxes. Another 26 states and the District of Columbia have both sales and personal income taxes, while 42 states have sales taxes.

Meanwhile, back in the Legislature, no clear direction about what will happen is yet apparent.

The first problem is to lay up enough money to avert an impending crisis, forecast by some observers for the end of this calendar year. That's why Romney asked for the new tax to begin July 1.

Now that the July date is out of the question, rates of Romney's suggested package would have to be juggled to come up with the same amount of money for the next six months.

Just in case nothing happens, budget pruners under the direction of Glenn Allen, state budget director, are preparing alternate spending bills.

Romney has vowed that the state will not appropriate more money than it can provide, and the bulk of the Legislature seems to be in the same mood. That will mean, according to Allen's current activities, an across-the-board reduction of 15 per cent.

Allen points out that local governments would really feel the pinch of a state belt-tightening, because the bulk of state spending actually goes back to local units of government for state-supported local services.

While taxes have hogged the limelight in Lansing — except for the controversial time zone issue — an impressive roster of other significant legislation is waiting for its day in the sun.

The legislative timetable is zeroing in on the lawmakers, and the tempo of non-fiscal matters should pick up imminently.

Here are just some of the other matters waiting decision of some sort:

A new system of local courts, replacing justices of the peace and circuit court commissioners, in time for the 1968 election.

Implied consent legislation to combat drunken driving.

Broader state action to control water pollution and protect water resources.

Minimum wage coverage and other protections for migrant farm workers.

Revision of the veterans' home-stead tax exemption program, with relief keyed to the degree of disability.

Revisions and refinements of the medicare law.

Working out new city annexation and consolidation procedures.

Community mental health extension.

More weapons for police and prosecutors in the war on crime. Control and administration of driver licensing examinations.

Some method of motor vehicle inspection.

A gas and weight tax package to finance highway construction programs, along with changing the formula for distributing money to local units of government for road work.

Plans to alter the waiting-week provision in the unemployment compensation law to provide immediate compensation for auto workers laid off during model changeovers.

Removing or reducing tolls on the Mackinac Bridge.

Refining collective bargaining procedures and limitations for public employees.

State assistance for public housing projects.

State support for local human rights agencies.

Dosens of other legislative projects — some major and some minor — could be added to this listing.

It's obvious that even without fiscal problems, the lawmakers have plenty before them to keep busy for quite some time yet.

Win At Bridge

by Jacoby & Son

When To Return Opponent's Lead

planning and he started out to do the best he could with the tools at hand.

He won the heart lead and played the queen, king and ace of spades in order to get rid of dummy's ten of hearts. He was pleased to see the jack drop from the West hand but he still had to attack diamonds.

He led a diamond and finessed dummy's queen. East was in with the king and led a heart to force dummy. South ruffed, led out four rounds of trumps and spread his hand.

There would have been no defense against the proper six diamond contract but East could have beaten the club jam if he had thought to lead back a diamond when he got a with the king. Then, if South pulled trumps he wouldn't be able to get to dummy for the rest of the diamonds; if he did not pull trumps, West's fourth trump would beat him.

In the early days of contract, Mike Gottlieb of New York was one of the greatest if the THE greatest defensive player. He was also famous for some of his sayings. One was: "When both sides play the same suit, one must be crazy."

It is a good general rule to follow this principle when on defense. If declarer plays one suit, you should play another but just as you shouldn't always return your partner's lead, you should occasionally return your opponent's.

South wasn't the least bit happy about his six club contract. Somehow or other he felt that his partner might have insisted on playing diamonds.

On the other hand, South had nothing to gain by con-

HELP WANTED

Four years ago many of the citizens of our community expended their energies and dollars and selflessly put up a building, the John F. Kennedy School for the retarded.

This is a special building for a cause, which up until then, had been either forgotten or purposely overlooked. This special edifice was built by the people to set up facilities to educate the less fortunate children of Escanaba and the immediate area. The parents of these children and many friends have been extremely active in the raising of money not only to keep the school in the finest condition, but also to pay the salaries of the several women who were hired to take over the teaching job.

Recently, the citizens of Escanaba and the area voted millage to pay for the education of handicapped children, and as a consequence of this, the Escanaba Area School Board was asked to take over the JFK school for the retarded. This was accepted.

Qualified teachers of special education must be had to operate the school. Up to the time of this writing no such teacher has been obtained, even though there has been a concerted effort made over several months to hire one.

We, the parents and members of the Delta County Chapter of the Michigan Association For Retarded Children, are desperate.

It is our hope and prayer that someone reading this article will become interested enough in our program to offer his or her services as a teacher to help us do all we can for the benefit of our gifted little ones.

For anyone interested, Public Law 85-926 offers grants and a dependency allowance for people with dependents. Information on colleges offering these grants can be obtained by contacting Mrs. Roland Peterson, 786-6555.

Dear Ann Landers: Where do you get off saying all 16-year-old boys are interested in sex? I am 16 and I am interested in lots of things, but sex is not one of them.

I am getting sick and tired of hearing you tell girls to be careful because every boy is out to get whatever he can. I'm not, and I am sure there must be other guys around just like me.

Females make up about one half of the world's population and there must be some awfully nice people in this group. One of these days I'd like to get to know some of these people better, but I am in no hurry.

There are plenty of interesting things fellows my age can do besides chasing girls. So please stop telling people that every 16-year-old boy is trying to trap some innocent chick in the back seat of a car. As a matter of fact, some guys I know have had to fight off girls. Please set the record straight. And you can print my name and city if you want to — KANSAS

Dear Kansas: I wouldn't dare print your name and city. You'd be deluged by calls, fella. Not from girls, but from their mothers! You sound like the kind of guy every teen-age girl's mother is looking for.

It would be foolish to say ALL 16-year-old boys are interested in sex. What I said was, "Most teen-age boys are not thinking about love. The juices are flowing and they are becoming mighty curious." That statement still stands.

Dear Ann Landers: My husband has taken a job with a fine organization. It means more money and an opportunity for advancement. The only problem is the plant is located in a small town which I hate. I have told my husband I am not moving.

The major factor in my decision not to pull up stakes is my parents. I am an only child and my folks are very dear to me. They are in good health and I want to enjoy them as long as I can.

I know many women whose husbands travel during the week and come home weekends. My husband could do this, too. But he is stubbornly opposed to my staying here.

Who is wrong? — BLUE GRASS TROUBLE
Dear Trouble: You are.

Michigan Was Enriched Our French Inheritance

By LEE SMITS

Our lasting inheritance from the French who brought civilization to Michigan includes place names—Detroit streets, towns such as St. Ignace, Marquette, Sault Ste. Marie, St. Joseph, St. Clair, Grand Marais; the Au Sable River, Bois Blanc Island, Presque Isle County, and Les Cheneaux.

We are also indebted to the French for frog-leg dinners. (Snails somehow got off the Michigan bill-of-fare, although in Montreal, Detroit's parent city, snails are a luxury item.)

The subject of food preferences was touched upon in this column recently by the account of a muskrat dinner served by

the ladies of St. John's Church in Wyandotte. The story of the church dinner prompted a letter from Fred E. Lemerand of Monroe, recalling a time when Monroe was known across the nation for its muskrat feasts.

The name Lemerand, by the way, was originally LaMirande and the family is one of the oldest in the southeast corner of Michigan.

"Old records," Mr. Lemerand writes, "tell of special trains coming from Detroit and Toledo for big muskrat dinners put on in the armory, the yacht club, the fire department. My father followed in the footsteps of his father and was the chef in charge of these famous muskrat banquets. I am an amateur muskrat chef and have tried various ways of preparing this delicacy."

"Muskrat epicures in Monroe were amused when the attempt was made, years ago, to serve muskrat under an alias, marsh rabbit."

Muskrat needs no alias. It is highly esteemed by habitués of the marshes and waterways along the Canadian border.

The French influence extended far enough to make frog, fish and chicken dinners popular in roadhouses of the interior counties but muskrat—probably because of the name—was never in demand except where traditions of the original French settlers are preserved.

Since muskrat is so flavorful, it is natural to ask whether there are other delicacies of woods and waters that the general public is overlooking. Woodchuck immediately comes to mind. There is no wild meat any more delicious than young woodchuck. Sharpshooters invest in costly "varmint" guns, then leave their groundhog targets for the crows. The woodchuck is the cleanest of feeders and even an adult specimen, is excellent stew meat.

Coot or mudhen are delectable. When archers hunt carp they would do well to save small males, skin them and try their flavor. Smoked carp is, of course, a real treat. There actually is no such thing as a trash duck. The breast of a scoter or sawbill is delicious.

On the dubious side are racoon, bear, opossum; tasty if fattened on fruit and nuts. Beaver is edible, if care is taken, to trim off every particle of fat.

A good friend of mine, El Harger of the Conservation Department, hunts bear, bobcat and cougar with his Plott hounds and keeps bobcat and cougar steaks in his home deep freeze as a special treat for discriminating guests.

The mountain men of the old west rated cougar as on par with buffalo hump.

Norway Snubs Soviet Offer

OSLO, Norway (AP)—The Soviet Union has offered to reopen a tourist peephole into Arctic Russia. The Norwegian government, mindful of past complications, has decided to look the other way.

The Soviet state travel agency Intourist said that from May 1 tourists of all nationalities may visit a tiny segment of the Soviet Union called Boris Gled. They may stay 48 hours without visas.

Boris Gled adjoins a tongue of Norwegian territory thrust between northern Finland and the Soviet Union's Murmansk region, more than 150 miles north

of the Arctic Circle.

In response to the Soviet offer of March 2, Norway said last Wednesday it did not consider Boris Gled significant enough as a tourist attraction to open a border station at Skafferhulet, the closest point of approach.

The Norwegian statement said the government would stick to the regular border crossing at Storskog, farther away. It said if the Soviets want to admit tourists there without visas just to visit Boris Gled, that is their own business.

This was interpreted as meaning the Norwegians are discouraging visits to Boris Gled without prohibiting them outright.

Predicts Medicine Will Be Socialized Within 10 Years

SAN FRANCISCO (AP)—Socialized medicine will be reality within 10 years, a management-union health program administrator told the American Society of Internal Medicine, meeting here.

Glen Slaughter of Oakland said the blame for this will rest on doctors "who demanded the right to charge what the traffic would bear, namely usual and customary charges."

Slaughter said "most political observers give the American Medical Association's uncanny political ineptitude full credit for speeding medicare by at least five years."

U Of M Is Given \$4 Million Grant

NEW YORK (AP)—The University of Michigan has been awarded a \$4 million grant from the Ford Foundation in the foundation's program to improve doctoral education in the sciences and humanities.

Ten universities were awarded \$41.5 million by the foundation and will be expected over the next seven years to contribute \$160 million from their own resources and government funds available to them.

Other participating graduate schools are University of California at Berkeley, Chicago, Pennsylvania, Wisconsin, Cornell, Harvard, Princeton, Stanford and Yale. None was awarded less than \$4 million.

LAFAYETTE'S LAND
During his last visit to the United States, Congress voted Lafayette a township in Florida. He had by that time lost nearly all of his French properties and, during his lifetime, sold most of these land grants. His heirs sold the rest.

Army Asks For 19,800 In June

WASHINGTON (AP)—The Pentagon has issued its biggest draft call of the year, asking for the induction of 19,800 men in June—all for the Army.

The June call compares with May's 18,000. Other calls this year were for 15,600 men in January, 10,900 in February, 11,900 in March and 11,400 in April.

Inductions for the first six months of this year thus will average 14,600—less than half the average monthly inductions for the first half of 1966.

The June quota compares with the 1966 high of 49,200 in October and last year's low of 12,100 in December.

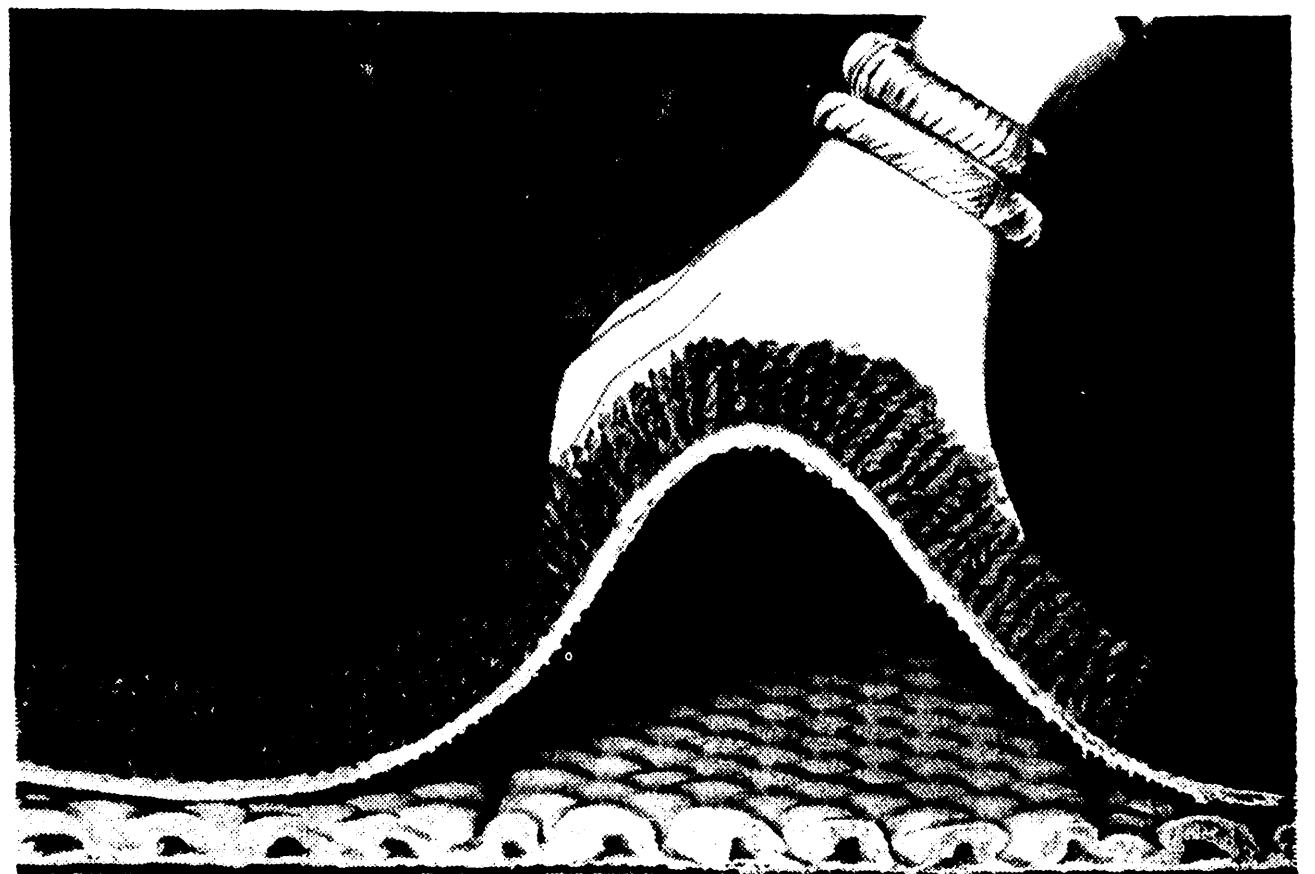

Secretary of Defense Robert S. McNamara has said draft calls this year will be considerably smaller than those of 1966.

Early this year the Pentagon chief said he expected draft calls the first six months of this year to be on the order of 101,000 men. Today's announced call for June provides a total considerably lower—87,600. For the same six month period last year 177,000 men were inducted.

The Pentagon expects draft calls during the next six months to average about 20,000 a month or a total of 120,000. This would compare with draft calls totaling 205,000 in the last half of 1966.

Hawes Spring Carpet Sale

Now! Snap up a fantastic buy in famous Stevens Gulistan Carpet. More colors, textures, more care-free broadlooms at peak-savings.

"Weatherly"—all-purpose tight loop
Carpet for the active household. Acrilan® acrylic pile gives it stamina. Gulistan craftsmanship gives it beauty, long life.

Safety Check Booms Repairs

KALAMAZOO (AP) —Some motorists may growl because of the new Michigan State Police auto safety check system, but the sound you hear from the auto parts business is the purr of profits.

Business is generally up in the parts outlets and service garages—apparently because motorists are trying to get their cars in top shape before they get waved into a safety check lane.

"This is real good," says Cpl. Cal Romsa, who directs the check lane system in southwest Michigan from the Paw Paw post.

The Kalamazoo Gazette reports that of 164 automobiles checked in Romsa's district last week, 59 passed inspection, 15 drew summonses and 90 more were warned about minor defects.

The Gazette said a survey of Kalamazoo auto parts outlets "showed that most were enjoying anything from a small upswing in business to an all-out explosion."

Many service garages say

they are booked solid a week in advance or more by motorists who need minor repair work done to their cars.

The big items in the surge of auto parts demands include window washer kits, mufflers and exhaust systems, brake linings, head lights and tail light lamps.

Steel Production Dips 2 Per Cent

NEW YORK (AP) —Steel production last week declined 2 per cent to 2,385,000 tons from 2,434,000 the previous week, the American Iron and Steel Institute reported Monday.

Output for the year totaled 34,321,000 tons, off 4.4 per cent from 35,889,000 in the like period last year.

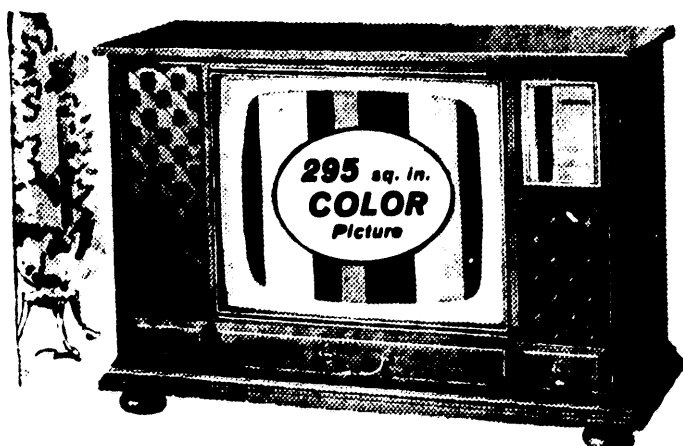

The index of production (100 equals 1957-59) by districts: Northeast Coast 130, Buffalo 124, Pittsburgh 110, Youngstown 104, Cleveland 139, Detroit 160, Chicago 138, Cincinnati 124, St. Louis 108, Southern 151, and Western 136.

Harlem Elects Powell By 7-1

NEW YORK (AP) — For the second time in four months, the House of Representatives faces the sticky problem of what to do with Adam Clayton Powell, who won a lopsided election victory in absentia in his Harlem constituency Tuesday.

While the free-wheeling congressman fished in Gulf Stream waters off his Bimini island retreat, 32,000 Harlem voters gave him an 86 per cent margin over his closest opponent, Lucille Pickett Williams, a Republican. "We've kept the faith, Adam," read pennants flying from the walls of Harlem's Democratic clubs, where votes were tallied.

Unofficial returns gave Powell 27,900 votes to 4,091 for Mrs. Williams and only 427 for the third candidate, the Rev. Ervin P. Yearling, a Conservative. The 22-year House veteran, who may be forced to come back as a freshman, lost only 11 of 214 election districts, and those in a predominantly white corner of his 18th Congressional District.

The 86 per cent vote was a record for Powell. Last fall he received 74 per cent of 61,287 votes cast. In the 1964 general election he took 82 per cent of 111,012 ballots cast.

There was little surprise at the long predicted outcome in Harlem, where community leaders have agreed that the House decision to exclude Powell from the 90th Congress on March 1 was a racially motivated slap which ignored Harlem's wishes.

"I consider this a mandate from the people to go out and elect him every time we need to," said Democratic campaign chairman L. Joseph Overton.

Asked what would happen if Congress again refuses to seat the 56-year-old Baptist minister, Overton said, "We have not planned what we're going to do. We're hopeful that the mandate of voters in the 18th Congress-

sional District speaks for itself and that Congress will heed that mandate."

With Powell rolling up his greatest margin in 13 elections, despite a lackadaisical turnout about half last fall's 60,000 voters, House leaders kept a close eye on the election, and appeared undecided on what to do.

Speaker John W. McCormack, D-Mass., has repeatedly told newsmen no decision on procedure would be made until it is known what motions will be offered when Powell shows up.

When he might do this is anyone's guess. Sources close to him hinted Tuesday night that Powell would have no reaction to the election until he had conferred personally with Overton, possibly today in Bimini.

There is still an appeal pending on a U.S. District Court decision not to interfere with the House action, and House Minority Leader Gerald Ford, R-Mich., said Tuesday Powell may not present himself to take the oath of office until the case has been carried through the U.S. Supreme Court.

Rep. Emanuel Celler, D-N.Y., and chairman of the special House committee that found Powell guilty of misappropriating committee funds, and defying the courts, said he favors the original leadership plan to censure Powell, then punish him for misconduct.

But he wants the censure put into a written resolution, instead of publicly performed by the speaker, as his committee originally recommended. Celler's suggestions face opposition from at least three of the leaders in last month's fight for exclusion. They say the reasons for exclusion are still there.

An appeal to have the contempt citations lifted, on grounds that the judgments have now been paid, has been turned down by New York State's highest court.

MEMBERS OF THE Escanaba Area High School Choir and Madrigal Singers left this morning by charter bus for Grand Haven, Mich., where they will be guests of Grand Haven students and sing two concerts Thursday before going to Detroit to appear Friday at the North Central Music Edu-

cators National Conference in Cobo Hall. The Choir was one of only four high school choirs from throughout the midwest selected to appear at the conference. (Daily Press Photo)

Ruppe To Talk Here Tuesday

Congressman Phillip Ruppe (R-Houghton) will address a joint meeting of the Escanaba Rotary and Kiwanis Clubs at the House of Ludington on Tuesday noon, April 18, his Washington office announced today.

The appearance will be in a busy day here for the congressman. He will breakfast with a group from the Alger-Delta Cooperative Electric Association at the Ludington from 8 to 9:30; meet with Exchange Club leaders at 2 p.m. and hold public office hours at the UPCA Building, 22nd St., off Ludington, from 3 to 5 p.m.

Oriental pagodas are religious structures.

Milk Producers Reelect Officers

DETROIT—Officers of the Michigan Milk Producers Association were re-elected for new one-year terms at the organizational meeting of the milk marketing cooperative's 15-member board of directors April 7.

The officers are: President Glenn Lake, North Branch; Vice President Harold Blaylock, Vassar; Treasurer Eugene Erskine, Hemlock; Secretary and General Manager Jack W. Barnes, Royal Oak, and Assistant Treasurer Alton T. Morehouse, Livonia.

Reston In Detroit

DETROIT (AP) — James Reston, associate editor of the New York Times, will speak at the Detroit Press Club Foundation awards dinner April 28.

Brown County Approves PAT

GREEN BAY — The Brown County Airport Committee has recommended authority for Peninsula Air Transport Co. of Escanaba and Green Bay Airways to create routes from the Upper Peninsula direct to Madison, Wis., by way of Green Bay.

R.J. (Bud) Norton, president of PAT, said the new service would provide three round-trips a day from Green Bay to Madison, "a segment not now in service for which there has been a great demand."

Board Requests Action On 2-41 Relocation Job

The Delta County Board of Supervisors Tuesday asked Gov. George Romney to exert his "concerted efforts" to reinstate the proposed four-lane highway relocation from Gladstone to Rapid River on the State Highway Dept. construction schedule.

The project, which originally was to have begun last summer, was delayed until 1970 because federal matching funds were not available, according to the Highway Dept.

Delta County pointed out in a telegram to Romney that because the federal highway administration recently released \$7,238,282 in federal funds for Michigan highway construction with a similar amount to follow July 1 that the Gladstone-Rapid River project should be reinstated.

The telegram to Romney said:

"Whereas the proposed new relocated highway U. S. 2 and 41 between Gladstone and Rapid River has been delayed because of previously frozen federal highway construction funds, and whereas the Federal Highway Administration has announced the release of \$7,238,282 for highway construction and an identical sum to be released to Michigan on July 1, 1967.

"Therefore, be it resolved that the County Board of Supervisors of Delta, meeting jointly with the Delta County

Road Commission, this date of April 11, 1967, respectfully request your concerted efforts to have the State Highway Commission reinstate this delayed and very urgently needed project at the very earliest possible date."

The Board also voted to send copies of the telegram to the State Highway Commission, Rep. Charles Varnum, Rep. Dominic Jacobetti and Sen. Thomas Schweigert.

In other action, the Board reelected Supervisor Charles Sedenquist of Wells Township as its chairman for another year and named Harold Vanlerberghe of Escanaba Chairman Pro-Tem.

The meeting was recessed pending committee action on other items until 7:30 p.m. Thursday.

Mrs Hunzinger Pleads Guilty In Death Of Child

GRAND HAVEN (AP)—Mrs. Doris Hunzinger, 26, on trial for murder in the death of a three-year-old daughter, pleaded guilty to a reduced charge of manslaughter today.

The plea was accepted by Ottawa County Circuit Court Judge Raymond L. Smith and Prosecutor James W. Bussard. Judge Smith set April 24 for sentencing.

We care

It isn't easy to buy bean coffee!

Nowadays, very few stores offer you bean coffee.

Why does A&P still offer coffees in the bean?

Basically, because "We Care."

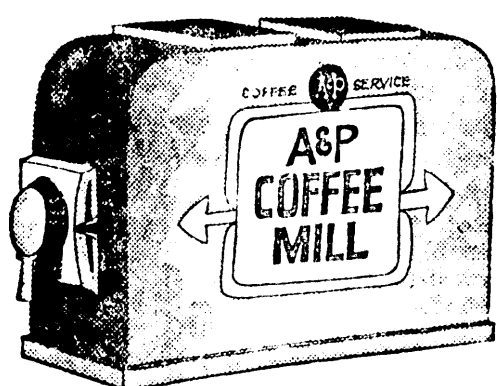

Specifically, because we know these facts:

The coffee bean is nature's seal that holds the flavor.

Once that seal is broken by grinding, flavor fades...

NO MATTER HOW IT'S PACKAGED.

The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

So if you want the finest cup

of "The Think Drink" you've ever tasted,

buy and brew one of A&P's three Bean Coffee blends...

Eight O'Clock, Red Circle or Bokar.

Not every store can offer you custom-ground bean coffee.

A&P can and does.

Shouldn't A&P be your store?

Games Social At Noa Home

There will be a games social
Thursday at 7 p. m. at the
Bishop Noa Home sponsored by
the Holy Family Church Altar
Society of Flat Rock.
The social for the Noa Home
residents will be held in the
main library.

Nancy Chaison, Wm. Henderson Marriage Told

Miss Nancy Chaison and
William J. Henderson were
married March 29 at St. Mary's
Church in Vacaville, Calif. At-
tending the couple were Mr.
and Mrs. William Henderson Jr.

Colleen Henderson, grand-
daughter of the bridegroom
and Patrick Henderson, grand-
son of the bridegroom were
flower girl and ringbearer, re-
spectively.

Following a wedding trip
along the West Coast and
through the Southern states,
Mr. and Mrs. Henderson will
be at home at 619 Ogden Ave.,
Escanaba.

Women's Activities

Stockholm Chorus Delights Audience

By JANET MARTIN

Area concert goers were
treated to a command perfor-
mance last evening by the Stock-
holm University Chorus, very
ably conducted by Eskil Hem-
berg.

This was the final concert
of the season sponsored by the
Community Concert Associa-
tion. The 1967-68 membership
campaign will begin in May.

The very outstanding group
of young singers began their
program with the rousing,
"Fire! Fire!", by Thomas Mor-
ley and continued with the lift-
ing strains of Vamo di core by
Mozart.

Capacity Crowd

The capacity crowd attending
the concert were completely
overwhelmed with the sus-
tained beauty of the "Laudi

alla Vergine Maria" by Giusep-
pe Verdi, one of the outstand-
ing selections of the evening.

Continuing with, "Trois
Chansons", by Debussy and,
"Der Fruhling", by Ernst
Krenek, the chorus portrayed
in song the many and varied
moods of the seasons.

In closing the first portion
of the program they presented six
Yugoslav folk songs, contrast-
ing from the sad, flowing, "The
Unfaithful Lover," to the
jaunty, "Hussars."

Following a brief intermis-
sion the second portion of the
program was begun and con-
sisted largely of selections in
the Scandinavian tongue.

I was very much impressed
with the excellent fluency of
the chorus. Their mature tone,
excellent balance and phasing
are to be applauded.

As A Unit

Each section of the chorus,
from the deep resonant basses
to the clear and lyrical sopranos
performed together as a unit
with the result—a superb per-
formance of choral singing.

Also each and every member
of the group seemed to enjoy
every minute of the entire per-
formance and when one is
standing on a stage for some
two hours that is quite a feat
in itself.

The Stockholm University
Chorus remained on the stage
for numerous encores, climax-
ing with the entire audience
standing and joining with the
chorus in singing "America"—
a very moving ending to a very
enjoyable evening of song.

Isabella Circle Meeting Held

The regular business meeting
for the Daughters of Isabella,
Trinity Circle 362 was held Mon-
day evening at the Teamster's
Hall.

Mrs. James Anderson, regent,
presided and prayer was led
by Mrs. Harold Bruce, chancel-
lor. A special prayer was of-
fered for a recently deceased
member, Mrs. Robert Webber.

A social hour followed the
meeting with cards and a prize
for each table. Lunch was
served by chairman, Mrs. George
Jerow and her committee.

Corporate communion will be
held Sunday, April 23 at the
8 a.m. mass at St. Patrick's
Church. Details will be announ-
ced at a later date.

More people get more news
from newspapers than all
other sources combined.

MR. AND MRS. VICTOR MANKIEWICZ of Rock announce the engagement of their daughter, Laurie Jill, to L. James Haight Jr., son of Mr. and Mrs. Lloyd Haight Sr. of Nadeau. Miss Mankiewicz and her fiancé are presently attending Northern Michigan University. No wedding date has been set.

'Slave Sale' To Feature Students Benefit For DUS

A "slave sale" at which
about 27 girls will be auc-
tioned to the highest bidder for the
benefit of Delta United Ser-
vices fund will be held at Bay
de Noc Community College on
Thursday.

The "auction" will be held
in the afternoon and in the
evening there will be a dance
in the College Student Center
from 8:30 to 11:30. The events
are sponsored by the Student
Government.

Joe Mileski is chairman of
the social committee for the
benefit dance; Steve Davis,
Student Government president,
will be the auctioneer; and
Scott Szapa is the "slave
market" money changer.

Hansel, Gretel To Be Seen Here April 29

Once upon a time, a charm-
ing fellow by the name of
"Pied Piper" came to Hamelin
Town, played on a flute, and
the children came from all the
countryside to hear his song
and follow him.

In the very near future, a
similar, and as momentous
event will take place in Escan-
aba. A modern "Pied Piper"
in the person of NICOLÒ, a
puppet jester, will come to
town.

The children will hear his
Piper's call, and follow him to
the Junior High School. For
there, on Saturday, April 29,
he and his troupe will perform
in a full length musical play,
"Hansel and Gretel." Curtain
time is 2:30 and 7:30 p. m.

The Escanaba Area PTA
Council is proud to present the
famous Nicolò Marionettes in
Hansel and Gretel. This pro-
duction is based on the be-
loved tale of the master story-
tellers, the Brothers Grimm,
enhanced by the music of the
opera by Humperdinck.

WOULD YOU STOP? Model Beth Murray, 18, tried two different outfits to see which one would most likely attract the passing motorists while she pretended to have a flat tire on a Detroit expressway. In 21 minutes four men stopped while she was wearing the miniskirt. During the same length of time only two stopped while she was clad in the long coat and curlers. Tow truck driver Raymond Benedict was the first to offer her aid (below). (AP Wirephoto)

Miniskirt Spurs Road Aid Offers

DETROIT (AP) — Male motorists: If you were speeding along an expressway and you saw a beautiful, young blonde standing alone beside a smart little sports car with a flat tire, would you stop?

If you were speeding along the same expressway and came upon a distressed distaff with her hair up in curlers and a long floppy coat on standing beside a dirty sedan with a flat tire, would you think twice before stopping?

The answers to the above questions may be obvious.

But the Detroit Free Press Institute of Foregone Conclusions decided to gather some statistics which might show whether or not chivalry has been choked off the nation's highways in a cloud of exhaust fumes.

For 21 minutes luscious blonde model Beth Murray, 18, clad in a red and blue striped miniskirt, stood beside a snappy little sports car and pretended to have a flat tire.

Fifty seconds after she stepped out of her car, a tow truck pulled up, and out stepped its burly driver, Raymond Benedict.

Space Business Seminar In May

DETROIT (AP) — About 300 businessmen from Michigan and other midwestern states are expected in Detroit May 23-24 for a seminar on how to do business more effectively with federal government agencies.

The seminar, sponsored by the Defense and Government Contractors Association, will give special consideration to business with the National Aeronautics and Space Administration (NASA).

In Service

Phillip J. Boucha, son of Mr. and Mrs. Lloyd Boucha of Engadine, received his Second Lieutenant commission in the U.S. Army on March 23. He graduated from the Officer Candidate School, Fort Eustis, Va., where the Army Transportation School is located. He is a graduate of Engadine High School and Michigan Technological University, Houghton, Lt. Boucha is assigned to Fort Leonard Wood, Mo., where he began duty as a training officer on Monday, April 10.

THE PROMOTION of Lance Corporal Dwayne I. Ingebrigtsen, U. S. Marine, to that rating from PFC, is announced. His high degree of performance with the Marines, with skill and enthusiasm, won him the advancement. He is presently in Vietnam, returning there in February for an additional six months of duty after serving in Viet Nam for one year previously. He is the son of Mr. and Mrs. Iver Ingebrigtsen, Gladstone Rte. 1, and entered the Marines in June, 1965, after graduating that same month from the Gladstone High School.

Pickets Close Muskegon Port

MUSKEGON (AP) — Picket lines were thrown up by the International Longshoremen's Association as the port of Muskegon remained closed for the second day Tuesday.

The dispute was between Milwaukee Local 815 of the ILA and the West Michigan Dock and Market Corp., which paid off the longshoremen and sent them home Monday.

The firm rejected the latest union offer for a contract settlement. A meeting tentatively was set for next week on the wages and fringe benefits paid the 23 ILA members involved.

Ships scheduled to arrive here within the next week have been rerouted.

Germfask

Mrs. Clytie Spencer was hostess to the East End Craft Club recently. A white elephant sale was held and a donation was made to the Cancer Fund. The next meeting will be held April 18 at the home of Mrs. Harland Ackley.

The Edward James Doran VFW Post 8962 held a business meeting recently at the VFW Hall. The post and auxiliary are sponsoring a public fried chicken dinner for the benefit of the building fund on Sunday April 16, from 1:30 to 6 p. m. at the VFW Hall.

Mrs. Winnie Abram of Curatie, Mrs. Jennie Crawn, Mrs. Barbara Ackley, Mrs. Ling Burns and Mrs. Nina Barker of Germfask and Rev. Allen Parks of Newberry, attended a business meeting of the ladies aid of the Grace Lutheran Church at the home of Mrs. Warren Anderson at Seney. Plans were made for a bake goods and rummage sale to be held May 6, at the Germfask laundromat. Lunch was served by Mrs. Anderson.

The Germfask Grange will meet April 15 at the home of Mr. and Mrs. Herc. Bowler in Lakefield.

Mr. and Mrs. Cloyd Losey of Mt. Pleasant are visiting her mother, Mrs. Lola Losey and other relatives here.

Dismissal Asked In Ryerse Case

A motion to dismiss an assault charge against George L. Ryerse has been filed in Circuit Court by counsel for the defendant, and is scheduled to be heard at the opening of Court April 17 or as soon after as counsel may or can be heard.

The motion states that the two most important disinterested witnesses were not subpoenaed for the hearing. Jan. 26 and their names were only given by the defendant under cross examination at the hearing. Subsequently the matter was adjourned and the hearing was continued to Feb. 2. The April 17 consideration is asked so the case can be disposed of before Doris Versus Larry Patz divorce case is tried.

The facts of the assault case indicate that the complaining witness, Larry Patz not Ryerse was the aggressor and that if

prosecution must occur the defendant should have been complainant, and the complainant the defendant, the motion states.

The motion includes excerpts from the Justice Court examination record showing that Mrs. Kenneth Wilson, Susan Wilson and Karen Atkins observed part or all of the incident between Larry Patz and George Ryerse between 6 and 7 p.m., Jan. 20 in a parking lot on Deer St.

The testimony showed that Patz drove his car into the lot, as Ryerse was coming out, and Ryerse was forced over to the building in his car. Patz got out of his car and started running toward Ryerse's. Words were exchanged, when Ryerse got out of the car when Patz was 3 1/2 of the way to it. Patz took off his coat, put it in his car, and picked up a flashlight. Ryerse grabbed Patz' hand when he was going to hit Ryerse. Then Ryerse started swinging too. Patz knocked Ryerse to the ground and was hitting him with a tire iron, according to Susan Wilson. Ryerse screamed, Mrs. Wilson testified that she went to a store to call police when Patz got the flashlight and that when she returned Patz had Ryerse on the ground and was kicking him and had something in his hand and was going to beat him.

Karen Atkins, sister of Larry Patz, testified she saw her brother's car in the area and saw him. He had his back toward her and had Ryerse on the ground. "Larry was kicking him," she said.

The motion also states that in the examination Patz said he drove into the parking lot as there was no room on the street. The testimony of Karen Atkins showed there were two empty parking spots in front of a tavern adjacent to the lot when she drove up, finding the fight in progress.

Ryerse originally was charged with assault with intent to commit murder. Later the charge was changed to assault without intent to commit murder.

ALDRED M. FARLEY has retired as manager of the Peoples Store, a post he has held since 1940. He joined the company as clerk in 1919, coming from Garden, Clarence O. Peterson, vice president has assumed duties of manager of the store, with John Pat Miller as his assistant. Mr. Miller worked eight years at Manistique clothing store and also was bookkeeper for a plumbing firm. He is a state vice president of the Jaycees. Mr. Farley, who was honored at a dinner and special sale days to mark his retirement, said he plans to use the extra time for things he has always wanted to do — fishing, hunting, traveling and summing at his cottage on Big Bay de Noc. (Daily Press Photo)

White Heads County Board

The Schoolcraft Board of Supervisors Tuesday elected Merwin White chairman on a 7-6 vote over incumbent chairman Joel Carley. Wells Bowers was elected vice chairman.

Richard Rodgers was seated as a new member from Doyle township, replacing Lindsley Frenette.

Committee appointments have not been completed. First meeting for the Allocation board, on which the finance committee chairman sits, is scheduled April 17.

City And Union Parley Slated

The Manistique City Council Monday night appointed the city manager negotiator for contract talks with Local 1196 of the Municipal Employees Union. The clerk has been asked to keep minutes of meetings held.

First reading of a cemetery ordinance which incorporates grave opening charges changed earlier was moved, and second reading of a food handler ordinance. The food handler ordinance takes effect Sept. 1.

Alex Sherwood appeared to present a request for sewer as well as water service at his home on N. 7th St. A petition is to be presented to property owners in the area to determine their interests in obtaining similar service. Cost estimates are to be prepared by the manager.

Leases Okayed

Earl Kane, Robert Clement, Rudy Rodman and James Miller appeared in behalf of property owners in the Wilson St. area. Septic tank and well improvements planned are being modified to meet state health requirements and sewer service is being sought by residents. Water service also will be desired, but the sewer service is more important at this time, it was indicated.

Use of liquor by private parties renting the armory was approved. The approval is for serving where no fee is paid, as at wedding receptions. A permit from the Liquor Commission is needed if a booth is used and charge made for beverage.

Approval was given to transfer the Class B hotel license of the Gardner Hotel from Henry Gardner. Gardner presented complaint on delay of the city.

A letter from the Liquor Control Commission Jan. 25 apparently was mislaid, he was advised. At least two Councilmen indicated they had had no prior knowledge of the request for transfer. The city manager reported that Raymond Heminger, who with Jane Kay Heminger sought the license transfer, has advised he is no longer interested.

Canvass Board

Lease of city property for the Yacht club and Farmers Market was approved with provis-

Better Health Teaching Is Program Topic

A panel consisting of Bruno Marana of Ishpeming, Ray Mariucci of Kingsford and Melba Bramer of Escanaba will discuss parental recognition of health problems and improvement of health teaching at a health education inservice training workshop Friday. Manistique area schools in cooperation with Northern Michigan University is sponsoring the workshop.

The principal speaker will be Dr. J. Clayton Lafferty, consulting psychologist. He has served as president of the Michigan Psychological Assn., has conducted a practice in psychotherapy since 1956 and has taught at Michigan State University, University of Michigan and Wayne State University. He has served with various firms in executive and management development programs and has lectured before management groups and other organizations. He is a partner in a management consulting firm.

Richard Bonifas of Manistique will chair the panel discussion.

Invitations have been extended to the health departments of eastern U. P. counties, the Schoolcraft department of social services, members of the Manistique area board of education, and school superintendents in Eastern U. P. school districts.

Vietnam Club Is Organized

A Vietnam club composed of wives and mothers of men in that country has been organized and held its first meeting Monday night with Mrs. Edward Leonard presiding. Election of officers will be at the June meeting. Meetings will be on the second Monday of each month beginning in June.

A name is to be selected. A film on soldiering was presented at the initial meeting. Refreshments were served by Mrs. Leonard and Mrs. Shannon Hubble. Mrs. Joseph Davis Jr. recorded the minutes. New members are invited.

Morrison And Putvin Named

William Putvin of Manistique was elected to fill the vacancy on the Schoolcraft Memorial Hospital Board of Trustees caused by death of J. Mauritz Carlson and Dave Morrison of Seney was elected to fill the unexpired term of Russell Bowersox, who has left the area. Action was by the Schoolcraft Board of Supervisors Tuesday.

The Carlson term extends to 12-31-68. Putvin won on an 8-5 vote over Clyde Strasler. The Bowersox term ends Dec. 31, 1972 and was won by Morrison on a 7-6 vote over Ed Long of Thompson.

A tentative 1968 budget was adopted and the equalization report received. An insurance proposal from Denny agency on hospital and county coverages was approved.

Per diem pay of board members was set at \$15 for any meeting, day or evening. Previously members received \$15 for a full day and \$10 for a portion of a day. Casting no votes were Richard Rodgers, Harold Carlson, Thor Roque, Leo Demars and Leonard Walters. The motion was made by Joel Carley with support by Francis Morrison.

Authorization was given to repair the ceiling of the jury room and judge's chamber in the Courthouse, to provide a railing on jury room stairs, and for work done on boilers at the jail.

The next meeting will begin an hour earlier to permit board members to tour the medical care facility construction project, expected to be completed by Sept. 1.

MRS. ROCKE SECRIST

Funeral services for Mrs. Rocke (Mabel) Secrist were held at 9 a. m., Tuesday in St. Francis de Sales church with Rev. Robert Kennedy officiating. Burial was in Fairview cemetery under direction of Messier - Broullire Funeral Home. Pallbearers were Chan-

Manistique News

Safety Queen Honored By VFW Sunday

Pamela Quick was chosen safety patrol queen at a party sponsored by Veterans of Foreign Wars Sunday. The annual recognition takes note of work safety patrol members do.

In the queen's court were Donna DeMars, Donna Carlson, Judy Barton and Barbara Hentschell. Major awards were won by Marcia Jetty, Jaret Peterson, Terry Demars, Guilbert Vickery, Sally Boyd and Larry Mersnick. The queen and her court will represent the VFW in the July Fourth parade. Lunch was served by Mrs. Ralph Deloria and her committee.

City Approves Charter Study

A proposal to revise the charter of the City of Manistique, following study by a charter commission, was approved in a special city election Tuesday on a vote of 502 to 52.

Nine members were elected from a field of 15 candidates to serve on the charter revision commission.

First meeting of the group is expected to be held within two weeks.

Elected were: Rev. Ingmar Levin, 459 votes; Clyde Strasler, 456; Otmer Schuster, 388; Joseph L. Giovannini, 373; John Orr, 369; Jack Phillips, 363; Norman Jahn, 362; Raymond Krusic, 314; and Mrs. John Mofat, 309.

Other candidates and their totals were: Daniel Harrington, 276; Frank Gierke, 269; Richard Keteik, 268; William Olesak, 251; Mrs. Robert Ebli, 235; and Richard Stoll, 169.

cey Hinkson, Everett Wood, Emery Barnes, Jacob Weber, John Weber and Aldred Farley.

Susan M Lean Services Held

Mrs. Alex (Susan) McLean, 83, of Detroit died April 5. She had resided here four years.

Her husband died in 1941.

Surviving are two brothers, William Gardner of Manistique and Louis Gardner of West Palm Beach, Fla. She was born in Ontario June 7, 1883.

Funeral services were held Saturday at 11 a. m. in Hovie Funeral Home at Sault Ste. Marie with the Rev. Douglas Wasson officiating. Burial was in Kinross cemetery.

Hospital

Admitted to Schoolcraft Memorial Hospital were Gary Flodin, Sally Lausten, May Hyland, Renee Manspeaker, Effie Sulzer, Kent King and Sonja Gehrett.

Discharged were Norman McKay and Frank Chase.

- OPPORTUNITY TO ADVANCE.

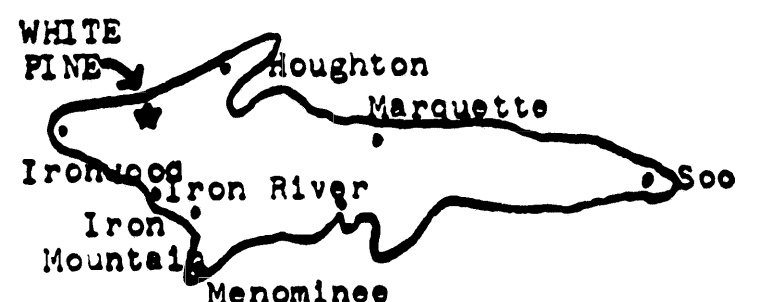

—An Equal Opportunity Employer—

FACTS ABOUT THE COMPANY

- White Pine Copper Company began mining in Ontonagon County, six miles south of Lake Superior, in 1953 and has since produced over one billion pounds of copper. The company employs over 2,100 people with an annual payroll of well over \$13 million and is the second largest employer in the Upper Peninsula. The modern one level White Pine mine is the second largest underground copper mine in the United States. White Pine's production accounts for 5% of the country's total, and ore reserves discovered so far comprise well over 10% of the country's total — over 100 years' worth at present production rates. The end of the ore body hasn't been found.
- The first phase of a \$100 million expansion program has just been completed. Over 300 workers have been added since it began in 1965. The average hourly wage is \$8.20 including shift differentials, overtime and Sunday premiums, with an additional 72c an hour in fringe benefits. Our suggestion system distributes almost \$7,000 a year in tax-free awards.
- Advancement? Over 10% of the more than 100 staff personnel came up from the ranks.
- Our workers live in 70 communities in 9 counties in Michigan and Wisconsin.
- Our parent company — the Copper Range Company — has plants and offices in Massachusetts, New York, Pennsylvania, Ohio, Indiana, Kentucky, Illinois, Arizona, Washington, Michigan and Canada. The White Pine operation employs the majority of Copper Range workers.

- White Pine is an expanding, progressive company, known throughout the industry for its job security, its high quality product, its outstanding safety record, and its reputation for research and development in new ideas and methods.

OUR BOARDING HOUSE with Major Hoople

Soo Says Merger Is Still Murky

Soo Line 1966 operations produced several postmerger records. Total sales, net profit and overall operating efficiency reached new levels. "In addition, I believe that substantial progress was made in areas of management and in improvement to the Soo's physical plant and capability," said President Leonard Murray to the annual meeting of stockholders in Minneapolis today.

Total revenues were about 8 per cent greater than in 1965. Net income increased 18 per cent to a new high in per-share earnings of \$5.16 despite an increase of 74 cents per share in federal income taxes.

"The year would have been even more profitable except that our net income suffered from what amounted to a half-million-dollar reduction by reason of charges occasioned by the retirement of certain properties no longer useful to our operations."

Snow Costs High

"Looking to 1967, it is evident that it poses particular problems. Increased wage and fringe awards will add some \$3 million to our operating expenses. We have encountered a winter of most unusual severity which caused our costs to skyrocket in the first three months and at the same time caused our revenues to be depressed."

"To illustrate this, in January and February the cost of removing snow was \$478,000, or 187 per cent greater than in the same months of 1966. Yet snow removal expense was only part of the increased cost attributable to weather conditions. At the end of February we had a deficit of \$652,000."

"While we have had an adverse start in 1967 the long-term trend for railroads is outstanding. I anticipate that the railroads in the years ahead will gain an increasing share of the inevitable growth and prosperity of this nation and that this will reflect in an expansion of the Soo's profitability."

"Our industry and the Soo Line are quite different companies than they were a few years ago. Certainly the Soo Line will continue to make progress and become better equipped to participate in the economics of the distribution age. We can look to the long-term future with a great deal of confidence and expectation."

C&NW Moves

"Overall, there has been no great clarification of the area merger picture. Indeed, if anything the picture is more confusing. Concurrently, hearings are under way in two separate proceedings involving proposed acquisitions of the Chicago & North Western Railway, and in a third acquisition of the Chicago & North Western Railway, and in a third proceeding involving merger of the so-called Northern Lines."

"I single out these proceedings only because they affect us the most. Awaiting a ruling by the Interstate Commerce Commission is yet another acquisition of the North Western, that of the Chicago Great Western Railway. The mere task of staffing to protect the company's interests and to analyze the evidence and testimony produced at these hearings is a major and excessive burden on a property of this size."

"We proposed that North Western's separate but interrelated cases be combined, that the commission undertake its own independent investigation of the merger situation, and that it look into the long-range economic impact of the incipient reorganization of the railroad industry and the rather large proposed reduction in rail competition."

Tracing Impact

"As to consolidation of the cases, the commission has proceeded to hear the more important cases separately without ruling on our application. As to an independent investigation with economic overtones, the commission also has yet to rule—although a staff economist is sitting with the examiner in one of the major cases."

"So we have been engaged necessarily in attempting to identify the impact of these proposed mergers upon the Soo within a maze of shifting

Gladstone News

Missionary Is Here Thursday

The Rev. Marion Kline, a Missionary and Deaconess of the Detroit Methodist Conference, will speak at Memorial Methodist Church Thursday at 7:30 p. m. A potluck supper will be served at the church at 6 p. m. All who are interested in this program are invited to attend.

Miss Kline has the distinction of being the first woman to be ordained by the Detroit Annual Conference. From 1956 to 1962 she served as field worker for the Board of Education in the Marquette District and in 1962 she was accepted as a short-term and spent three years working in Christian Education in Manila.

Now on furlough, Miss Kline has returned to the Marquette District to share some of her experiences with the home front.

Barn Destroyed By Fire Tuesday

An unused barn in Harris Township was destroyed by fire early Tuesday morning, State Police reported today.

The barn, located about two miles north of U.S. 2 and 41 on County Rd. 551, was owned by Elroy Monick of Chicago. Officers said the fire was reported about 4:20 a.m. by Ray Kuhnarski, Rte. 1, Wilson. The Perronville Volunteer Fire Dept. responded to the scene.

The barn was 24 by 38 feet and a 14 x 18 foot tool shed attached.

Social

Home Extension

Happy Rock Home Extension Club will meet at the home of Mrs. Harold Stockholm, 1327 Minnesota Ave., at 8 p. m. today.

Board Requests Hockey Upgrade

The Gladstone Hockey Promotion Board has requested the funds given the city by the late R. J. Rains be used for the extension of the recreation building to provide year around recreation when they present their suggestions to improve the hockey program to the city commission Monday evening.

The newly appointed board consists of James G. Haga, chairman; Paul Cole, Victor Stock, John VanBroeklin, Jr., Ralph Young, and Ray Tapanini.

Suggestions for rink improvements included increasing the size of the rink to 180 x 80 feet; provide sturdy netting for cages, installing protective screening on the ends and a portion of the sides and to provide player boxes for team members when not on the ice during games.

The board recommended that all rooms in the recreation building be made available to the team by removal of prams stored in the area, provide lockers, racks or chests for equipment and clothing and to remedy the situation which requires walking on concrete to get to the rink. Benches also should be provided in the dressing room.

It was also suggested that the city contact the local PTA

MICHIGAN BANKCARD

Three-Hitter By Brunet Tames Tigers In Opener

ANAHEIM, Calif. (AP) — George Brunet hurled a three-hitter and Don Mincher slammed a two-run homer as the California Angels defeated the Detroit Tigers 4-2 in their American League baseball opener before 17,839 Tuesday night.

Brunet, a 31-year-old left-hander who has beaten Detroit six straight times, lost his shutout in the ninth inning when Gates Brown homered after Brunet issued his second walk. Only two Tigers had advanced as far as second base before the blow.

Rick Reichardt, sidelined the

last part of 1966 with a kidney ailment, doubled home the first Angel run in the first inning after Jim Fregosi walked and stole second.

Mincher, obtained in a trade with Minnesota last winter, connected in the fourth after Reichardt singled off lower Dennis McLain, a 20-game winner in 1966.

The Angels made it 4-0 with another tally in the fourth when Jose Cardenal followed Mincher's hit with a single and Bobby Knoop tripled to center as second base before the blow.

Fregosi had a perfect night

with a walk, three singles and a stolen base.

Brown smashed his homer into the lower right field stands after Al Kaline had forced Norm Cash at second and Jim Northrup had lined out to Cardenal. Brunet ended the inning by getting Bill Freehan on called strikes.

McLain was replaced in the eighth by Orlando Pena who promptly hit Reichardt with a pitch. Reichardt got to second on Mincher's bloop single to center. But Pena steadied down and got Cardenal on a popup to Dick Tracewski and sent Bob Rodgers down swinging.

The Angels outbit the Tigers 10-3 in the contest.

Mickey Lolich, who has a 14-14 exhibition record, faced Marcelino Lopez (7-14) tonight at Anaheim.

Western Trips Indiana Team

KALAMAZOO (AP) — Western Michigan defeated Ball State of Indiana 4-2 Tuesday in a nonconference baseball game.

Western opened the scoring in the first inning on one hit and two Ball State errors.

Western scored again in the third on a single and a stolen base by Glenn Merchant and a single by Jim Redmond.

Western is now 2-1, and Ball State has a 2-4 record.

Nevada Governor Nixes Clay-Patterson Battle

LAS VEGAS, Nev. (AP) — The champion packed up and went home.

The challenger canceled his airline reservations. The promoter huddled with his lawyer to decide where to stage the Cassius Clay-Floyd Patterson heavyweight title fight.

Nevada Gov. Paul Laxalt, a former amateur boxer, pulled a surprise secret punch Tuesday and asked the Nevada Athletic Commission to rescind its approval of the license for the

April 25 fight at the Las Vegas Convention Hall.

Within two hours after the commission's four-minute meeting began, promoter Al Bolan had an attorney, Stuart Silfen of New York City, on a plane bound for Las Vegas.

Bolan, standing tired and slumped-shouldered at the airport terminal here while waiting for Silfen, echoed his earlier heated remarks about Laxalt.

"He says the fight would give the state a black eye," Bolan said sternly. "I say he has done that with this action."

When Silfen arrived, Bolan said he would not let the attorney comment on the matter until he had had a chance to brief him on the entire situation.

Bolan hinted some legal action may be taken against the state to cover expenses his promotion firm, Champions-Sports Inc., had incurred in setting up the fight.

The announcement of the commission's decision came less than an hour after Clay, the champion who prefers his Muslim name of Muhammad Ali, had told a news conference that fans might be watching their idol fight for the last time.

"Tell all the fans and all the people that their idol—the living legend—they may be looking at him for the last time."

Clay has been ordered to report for induction into the Army April 28.

Clay, who immediately flew to Los Angeles en route to Chicago, said he was "disappointed but not surprised" at Laxalt's action.

"I need the rest anyway," he remarked. "The governor has a right to do anything he wants, but I can't understand his reasons for this."

"Well, I still got the championship," he added. "They can't

take that away from me."

The governor called the emergency meeting in Carson City of the five-member commission, and with one member absent declared, "You can not sanction this fight."

He said Clay, who defeated Patterson here with a 12th-round technical knockout Nov. 22, 1965, "indicated he carried Patterson for eight rounds."

"Any new fight would create suspicion throughout the world," Laxalt said.

One commission member, Las Vegas newspaperman Don Digilio, said Laxalt feared the fight—no matter who won—would damage Nevada's reputation.

Joe Adcock, making his debut as Cleveland manager, did not

take that away from me."

Athletics Show Newest Fashion In Diamond Garb

By The Associated Press

The fashionable Kansas City A's have countered the anti-skirt rebellion with a new style of their own, and it was enough to touch off another Charles O. Finley colorful controversy.

The American League door-mats of the past have forsaken their former drab existence and Tuesday night started into first place wearing white shoes that left the Cleveland Indians kicking.

The A's opened their 1967 season by beating the Indians 4-3 on Fred Whitfield's error with the bases loaded in the seventh inning in Kansas City, and joined Baltimore, California and New York in first place.

The Orioles, looking the same as they did as world champions last season, clubbed Minnesota 6-3 and the Angels dropped Detroit 4-2 to grab their share. The Yankees beat Washington 8-0 Monday.

The only other AL game, the Chicago White Sox at Boston, was postponed because of cold weather.

The A's unveiled their fashion show in the first inning when they took the field. Their wedding-dress white, Fort Knox gold and sea-foam green uniforms of last season were a notch brighter, but the main addition was the rare albino kangaroo white shoes with kelly-green laces.

The uniforms, of course, were the idea of Kansas City owner Finley, who in past years stirred the league with his penchant for right field, his mule mascot and his sheep grazing area beyond the outfield.

Joe Adcock, making his debut as Cleveland manager, did not

take kindly to the white shoe idea, not that he isn't fashion-minded. Adcock claimed the white shoes worn by Kansas City pitcher Jim Nantz distracted his hitters and muddled the game after the first pitch.

"I want to get this settled right away," Adcock said.

However, American League President Joe Cronin and Cal Hubbard, supervisor of umpires, already had given the A's permission to start the season with their classy and colorful footwear.

"White shoes aren't going to bother a hitter," said A's Manager Alvin Dark. "A pitcher has both feet on the ground when he releases the ball. A hitter is going to be following the ball, not the shoes."

Whether or not the shoes helped, Nantz stopped the Indians on five hits and three runs for seven innings before leaving for pinch hitter Ramon Webster with the bases loaded on two walks and a wild pitch strike that put Joe Rudi on base.

With two out, Webster grounded to short, but first baseman Whitfield dropped the throw and the A's had their victory.

The Orioles won without controversy in Baltimore as they jumped on 25-game winner Jim Kaat of the Twins for four first-inning runs. It was the same old story of 1966 as Frank Robinson singled home one run and Brooks Robinson homered for two more.

Another carry-over act from 1966, relievers Moe Drabowsky and Stu Miller, saved the triumph by blanking the Twins the last 4-13 innings after starter Dave McNally faltered.

What's Answer To Mystery Of George Brunet?

ANAHEIM, Calif. (AP) — The mystifying George Brunet case still is unsolved, and those closest to the scene of the crime—the Detroit Tigers—are baffled.

Brunet, a veteran left-handed pitcher for the California Angels, is a well-traveled journeyman who has seen service with 15 teams in 12 years.

But his record against the Tigers makes Brunet look like the

major leagues' successor to the retired Sandy Koufax.

Brunet beat Detroit five times without a loss in 1966, and he made it six victories in a row Tuesday night, stopping the Tigers, 4-2, with a three-hitter in the American League opener for both teams. Adding insult to injury is the fact Brunet is a Michigan native, born in Al-leouez and raised in Houghton in the Upper Peninsula.

"There is no way to explain what he does to us," admitted outfielder Al Kaline. "He gets the ball over the plate and that's half the battle."

Shortstop Dick Tracewski, who filled in for injured Ray Oyler and went hitless in four trips, said, "He's faster than he looks. He pitched the same way tonight as he did last year. We can't put two hits back-to-back against him."

"He's a good pitcher," added Tracewski, "but he looks like a world-beater against us."

Catcher Bill Freehan has a theory about Brunet's continuing success against the Tigers. "He's got the psychological edge on some of our players," expounded Freehan. "After a pitcher beats you four or five times in a row, some guys get down mentally and start pressing."

Manager Mayo Smith, making his debut with the Tigers, had little to say about Brunet because he didn't see the Angels' lefty in action a year ago.

Asked if he would start the same lineup tonight against another left-hander, Marcelino Lopez, Smith replied tersely, "Very possibly," and headed for the showers.

A two-out, ninth-inning home run by Gates Brown ruined Brunet's shutout bid. In 43 innings against the Tigers, Brunet now has yielded only 22 hits and five earned runs for a 1.05 ERA. The Angels veteran has a lifetime 1.89 ERA against Detroit.

Spartans Have Good Quarterback But No Players, Duffy Asserts As Spartans Begin Spring Drills

EAST LANSING (AP) — A third straight Big Ten football title for Michigan State this fall?

"That's our goal — A worthy objective," said Duffy the dreamer.

Big Ten teams have won two in a row 10 times in conference history. But no school has won three titles in succession.

"Most years we have a lot of good players but no quarterbacks," said Daugherty as MSU opened spring drills Tuesday.

"This year we have the quarterback but no players," Jimmy Raye, a scrambler as well as a punter, is back to lead the MSU football forces as a senior this fall.

Raye hit 62 of 123 tries for 1,110 yards passing and 10 touchdowns last fall. He also rushed for a net of 430 yards—an unusual total for a quarterback.

"The amazing thing about Raye is the great job he does in the clutch," said Daugherty. "But we have a lot of building to do this spring."

"How will you wind up the season?" Daugherty was asked. "At home against Northwestern," he answered after a quick look at the schedule.

Some 90 candidates reported for practice Tuesday.

Michigan State's main problem this spring is finding replacements for the Spartans' standouts picked among the top eight in the press and draft.

Gone with graduation was defensive lineman Babu Smith, halfback Clint Jones, Roverback George Webster and end Gene Washington.

Five of seven starters are gone from the defensive line. A replacement also must be found for Dick Komey, the barefoot kicker from Hawaii.

Fullback Bob Apisa, second leading ground-gainer last season, will be working out with the squad this spring. He will be withheld from contact until fall, however, because of a re-

cent knee operation.

Dwight Lee and Frank Waters will have last shot at left and right halfback. Lee made 205 yards last fall. Waters acted mostly as a sub, carried for 40 yards.

Fullback Regis Cavender, who saw duty as a fullback for Apisa, will head down line and in scrimmage situations. Cavender packed up 200 yards last fall.

Halfback Delbert Beria is on possibility as a punter. Jack Patis, a left-handed kicker coming up in the freshman squad, also is under consideration. End George Chatfield has some experience as a place kicker.

The Spartans have 17 letter-men lost and 25 returning.

Probably the standard three-man line is Tony Smith, 267-pound "baby" brother of Bobu Smith. Daugherty said he intends to play Smith most of defensive tackle.

"He has the physical ability and quickness needed," said Daugherty. "It is up to him to prove now that he can make the team."

Daugherty said he figures on scrambling his players as early as Thursday.

"That's the way to find out who wants to play football," he said.

Spring workout will be staged four days a week for five weeks. Wundup will be an intersquad game May 13.

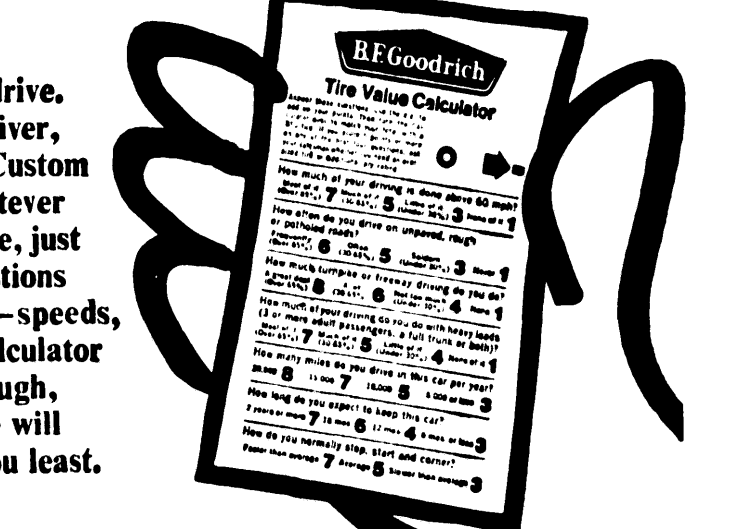

MSU will start its fall schedule with home games against Houston, S. Auburn, California and Wisconsin. Michigan will be played Oct. 14 at Ann Arbor.

The game with Notre Dame which MSU played to a 16-10 tie last season is a battle for the mythical national championship.

Shed, sixth game of the season.

This may be your best tire buy!

Tell our Tire Value Calculator how you drive. If you're a normal driver, it'll recommend the Custom Long Miler. But whatever kind of driver you are, just answer 7 simple questions about how you drive—speeds, roads, loads—the Calculator will tell you which tough, dependable BFG tire will suit you best, cost you least.

CUSTOM LONG MILER
An excellent all-around performer. Ideal for normal road conditions, speeds and loads. Gives excellent mileage. An excellent value. Tough nylon cord.

The Green Bay Press Gazette credits Betty Drenning of Escanaba with the region's long distance bowling championship. She commutes from Escanaba to Green Bay to bowl in the YWCA League each Thursday morning. That's a round trip of 220 miles. Her husband was transferred to Escanaba by his company last fall, but Betty hasn't missed a week of bowling at the Fox River lanes. "I like the league," she says, explaining, "I've been in it ever since it started in 1962."

American Legion officials in the Dickinson-Iron county district have announced plans for a summer baseball program. A five team league will include Crystal Falls, Kingsford, Iron Mountain, Channing and Norway. Teams will play two games a week on Saturdays and Sundays. League officers are Ernest Antinori, Iron Mountain, president; Jack Shemky, Crystal Falls, vice president, and Nick Simone, Iron Mountain, secretary.

Even, champion of the Porcupine Mountain Conference, landed three players on the 10-man all-conference team selected by coaches at their annual spring meeting. Hearing the list was Terry Conrad, 6 foot 9 inch All-U. P. center, along with Bob Frantz and Ken Smith of the Bulldogs. Other players honored were Jack Johnson and Ray Hill of Bergland, Ted Heiska of Mass, Rick McKenzie of Marquette, Ron Bianchi of Ironwood St. Ambrose, Roger Jaeger of Mercer and Joe Posey of White Pine.

Dick DeZur, Superior State College cager from Hurley, broke two of his own Wisconsin State University Conference rebounding records this season. DeZur pulled down 297 rebounds for an average of 18.56 per game during the recent campaign.

The Michigan-Wisconsin Conference has come up with a new point system of determining championship standing in football and basketball. In football, a victory will be good for two points and a tie will count one point. Basketball victories will be good for two points. Conference officials adopted the new method because of complications arising from the fact that all teams do not play the same number of games in the loop.

Stan Albeck, speaker at the Holy Name All Sports banquet Monday night, is not only an excellent basketball coach but a successful recruiter. We asked him at the Upper Peninsula tourney to name the top U. P. prep cager he had seen this season and he hedged by picking two — Paul Miller of Escanaba and Jerry Gerard of L'Anse. Since then, both players have announced they will enroll at Northern next fall.

Tiger note: Al Kaline needs only 28 homers this season to become the Tigers' No. 1 slugger of all time. Hank Greenberg's 306 total as a Tiger is his target. Kaline belted 18 of his 28 homers in 1966 at Tiger Stadium.

76ers Gain Cage Finals

PHILADELPHIA (AP) — It may sound strange for a coach whose team scored 140 points to say a game was won with defense.

But that was just what Coach Alex Hannum said Tuesday night after his Philadelphia 76ers buried the Boston Celtics 140-116 to win the National Basketball Association's Eastern Division final playoff series.

"The turning point," said Hannum, "was our over-all defense from the middle of the second period to the end."

The 76ers, who beat the Celtics 4-1 in the best-of-7 competition, earned the right to meet the winner of the current Western Division final between San Francisco and St. Louis.

San Francisco, leading 3-2, meets the Hawks in St. Louis tonight.

The 76ers trailed 33-37 after five minutes of the second quarter. That is where Hannum felt the game turned around.

From that point to the end of the first half, Philadelphia outscored the Celtics 28-17 and sliced the margin to 70-64 at halftime.

Then, at the start of the third period, Wally Jones came alive to hit on eight-of-nine shots and vault the 76ers into their first lead.

"This was the turning point offensively," said Hannum, who in 1957-58 coached St. Louis to an NBA title victory over Boston. It was the last time the Celtics were to lose the crown for eight years.

Until Tuesday night, they had won 10 straight Eastern final playoff titles.

The 76ers moved ahead to stay with 3:18 remaining in the third period on a driving layup by Chet Walker. This made it 95-93.

The 76ers then turned the game into a rout as the Celtics went 6-34 without a field goal. They outscored Boston 40-22 in the clutch final period.

Hal Greer scored 32 points, Walker 26 and Jones 25, but in the final analysis it was the 7-foot-11 Wilt Chamberlain who was the difference.

Chamberlain scored 29 points, grabbed 36 rebounds, handed out 13 assists and blocked seven Boston field goal attempts.

Standing in the 76ers' dressing room, champagne dripping from his head to his toes, Chamberlain grinned, shook his head, and said, "It's been a long time, a long time. It's great."

The Celtics took the end of their championship era in style. They gave all the credit to the winner.

Coach Bill Russell said the 76ers "were the better team in this series."

Red Auerbach, the controversial general manager, said, "We went down swinging. The world is not going to come to an end. We won 18 playoff series in a row. You have to lose sometime."

The Celtics' losing effort was topped by John Havlicek with 38 points.

Tom Reed, a tackle from Shaker Heights, Ohio and Don Hubert, a quarterback from West Babylon, N.Y., will co-captain Columbia University's 1967 football team.

THE LITTLE WOMAN

"He's overjoyed that you've selected HLM!"

Mathews Will Settle For Opening Day With Astros

By The Associated Press

In his many years with the Boston - Milwaukee - Atlanta Braves, Eddie Mathews used to specialize in great opening-day

Tiger To Put Crown On Line

NEW YORK (AP) — The third world championship fight within three months was booked for Madison Square Garden today with the corraling of light-heavyweight king Dick Tiger for a return bout with Jose Torres on May 16.

Both Tiger, of Nigeria, and Torres, of New York, agreed to terms, which included a provision that the winner meet the No. 1 contender in the next defense. He is Roger Rouse of Anconada, Mont.

The Garden started its parade of championship fights with the Cassius Clay - Zora Folley heavyweight clash on March 22. Middleweight champion Emile Griffith defends his crown against Italy's Nino Benvenuti next Monday night.

Tiger, the 37-year-old champion who dethroned Torres last Dec. 16 at the Garden, will get 40 per cent of all receipts. Torres will collect 20 per cent.

Official contracts will be signed before the New York State Athletic Commission next week.

Torres is ranked third behind Rouse and Bob Foster of Washington, D.C.

Tiger's record is 55-15-3, including 25 knockouts. Torres' record is 39-2-1, including 27 knockouts.

Sports In Brief

The Chicago White Sox pitchers fanned in 22 shutouts in 1966.

Out Front, St. Louis Cardinals pitcher, handled 396 pitches in 159 games last season without an error.

George Sellers and Nemah Wills, both returned kickoffs 100 yards in AFL games last fall. Both played for the Denver Broncos.

performances. But it is his debut in a Houston uniform that the slugging first baseman may remember the longest.

A mighty triple against the center field wall in the seventh inning Tuesday night gave Mathews' new club a 1-1 tie against the Astros had a 6-1 opening-day victory over the Braves.

"Are you kidding," Mathews said later when asked if he'd

particularly enjoyed playing a decisive part in beating his ex-teammates. "I'm playing the team I was with for 15 years."

When the Braves traded Mathews on Dec. 31, 1966, the thing that rankled him most was that the club told the press before it told him.

"I'll remember this opener," Mathews said. "I've had some good opening days. I hit a couple of home runs two or three times in the past in the opener, but I'll settle for this one."

In other National League games Tuesday, all season openers, Pittsburgh beat New York 6-3, Chicago took Philadelphia 4-2 and St. Louis blanked San Francisco 6-0. Cincinnati and Los Angeles had an open date.

In American League opening games, Baltimore bounced Minnesota 6-3, Kansas City edged Cleveland 4-3 and California beat Detroit 4-2. Chicago at Boston was postponed because of cold weather. New York and Washington were not scheduled.

The big blow in the Astros' six-run inning was Aaron Poirer's two-run double. Before the inning Denny Lemaster was pitching a one-hitter, but when he left after firing the roof of the Astrodome fell in on the Braves.

Maury Wills showed the

change from a Los Angeles to a Pittsburgh uniform hadn't affected his style as he singled twice and stole a base against the Mets. The Mets appeared not to have changed much either, committing five errors in cold Shea Stadium.

A double steal and a pop single by Lee Thomas accounted for two runs in the sixth inning that gave Chicago its triumph. Ferguson Jenkins won't the distance for the Cubs, giving up six hits, while Jim Bunning took the loss for Philadelphia.

Bob Gibson struck out the first five men he faced, tying a National League record, and fanned 13 Giants over-all. Lou Brock's three-run homer was the big blast for the Cards, who pounded Juan Marichal for 14 hits, the most he has even given up in one game.

Rookie Pitcher Wins Opener For Chi-Cubs

CHICAGO (AP) — Tears we found out Fergie was pitching. Mrs. Jenkins sat quietly when Philadelphia got a 2-0 lead on three straight singles in the second inning.

"But after he weathered a leadoff double and a walk starting the third, then striking out Dick Groat and Richie Allen, Fergie's mother turned on her little radio.

"Inning after inning, as the crowd cheered Fergie's shutout pitching, tears flowed from his mother's eyes."

For the Canadian pitcher it also was a special day. "I was shook up when manager Leo Durocher told me Sunday I would pitch opening day," said Jenkins. "Boy, I sat up watching TV Monday night until 1 a.m., to keep my mind off pitching."

The Cubs trailed until the sixth when a double steal and Lee Thomas' pop single nicked the Phil's Jim Bunning for two runs and a 3-2 lead.

"Right then, I got thinking if somebody thinks I'm a starting pitcher, I better start proving it," said Jenkins, who scattered three hits over the last seven innings.

"We won't see many days like this one," said Mrs. Jenkins.

In only one of 36 World Series innings did the Los Angeles Dodgers make two hits. They were Jim LeFebvre's homer and Wes Parker's double in the second inning in the first game.

"When we got to the ball park,

Home Nursing Care Is Growing

Wells, Venereal Disease Are Soft Health Spots

The changing character of Menominee counties' 163 restaurants and bars by the food industry itself. Milk sanitation bacteria and coliform counts have been good and there were no violations in 1966.

Much Water Unsafe

Water safety is a major health problem in the district. About 23 per cent of all wells tested were found unsafe and this situation has existed for three years.

Sewage disposal has been greatly improved since passage of the ordinance requiring septic tank permits. Separation of the septic tank at least 50 feet from the well is the control here.

The counties have 23 refuse disposal sites, 7 of them licensed and operating within the law and the other 16 facing compliance by 1968. "There is much work to be done in this field," wrote Dr. Cretnis.

Medicare Nursing

The Medicare program caused a moderate increase in home nursing visits by Public Health Department nurses. Home visits included: venereal disease, 11; tuberculosis, 448; orthopedic, 444; cancer, 72; cardiovascular-renal, 678; diabetes, 181; hearing, 68; vision, 228; mentally retarded, 29; other chronic diseases, 687; maternity, 153; infants, 278; preschool, 489; adult health, 176; school visits, 346; mental illness, 172; home nursing (all ages), 1,087.

\$1.15 Per Capita

Local, state and federal funds and fees supported the Health Department in 1966, but the report does not state in what amounts. It notes that the department wasn't fully staffed and so had its costs reduced. Local tax contribution to the department was 75 cents per capita and total cost from all sources, \$1.13 per capita, which compared with 87 cents and \$1.13 in 1960. These costs were in the lowest third for public health departments in Michigan.

Of the department's responsibility for food and water sanitation, the report says "Food sanitation has been greatly improved in Delta and

referred to the family physician through the Health Department. A few were handled directly through the Health Department when they did not qualify for the state program.

Early in the program drug house representatives supplied samples and booklets and the Cancer Society supplied funds for Pap smears. In July a grant was obtained to furnish booklets, drugs, Pap smears and other devices and accessories and welfare recipients and other qualified persons could then obtain materials and treatment through the Health Department if they so desired.

This program hasn't been widely publicized as yet, the report states, but a "good number of persons have been seen and assisted. It is planned to continue the program throughout 1967."

VD Increased

A definite upswing in gonorrhea was reported, especially in Delta County. "Poor reporting or unavailability of contacts had made follow-up difficult."

The department credited mental health work with keeping down admissions to Newberry State Hospital, said its work with alcoholics was active, and likewise its cooperation with the Cancer Society and physicians in the detection and treatment of cancer. A continuing diabetes program was started in August and a well rounded tuberculosis detection and control program developed.

Cost of Delta patients' care at Morgan Heights in 1966 was \$2,284. A few years ago the two counties were paying from \$10,000 to \$20,000 a year for care of their tubercular. There were 55 persons in the two counties on the active TB list last year, with 29 in Delta on anti-TB drugs and 22 in Menominee County.

Immunizations including flu vaccine were available for the elderly and medical evaluation, screening and referral services were also given. Diabetes blood and urine screening were offered to all elderly and glaucoma screening and cervical screening was done on the medically needy when requested.

School Health

School health is a major program of the department. Essentially the same services were offered as in other years, but with an increased dental program in cooperation with the Escanaba Exchange Club and with the aid of the Escanaba Area Public Schools. The clinic opened Dec. 1 and admits children 5 to 9 years old and older children with dental emergencies after financial screening of all applicants.

All children of the counties were given fluoride treatments except those in Escanaba, Menominee and Gladstone, which add fluorides to their public water supplies.

A total of 20,203 immunizations were given, with free measles vaccine supplied for the first time in the summer of 1966 by the state.

Family Planning

The department began a family planning program "humbly" in March, 1966. At first welfare recipients were

To Train Workers

WASHINGTON (AP) — Three Michigan schools will share federal funds for training social workers in the field of child welfare, Sen. Philip A. Hart, D-Mich., said Tuesday.

He said the University of Michigan will receive \$175,149, Michigan State will get \$65,945 and Wayne State will get \$106,715.

DETROIT CATERER FRED HENWOOD displays the "Hero-Lad" six-foot super sandwich created by himself and his partner, which they think is ready "to torpedo" the old standby, the submarine sandwich of recent popularity. Henwood says it will serve 30 to 50 persons and is made of Italian meats, Swiss cheeses, anchovies, fresh oregano and other goodies covered by French bread baked in a six-foot oven. We've already got orders for June graduating parties, he said. (AP Wirephoto)

Agencies Disagree On Electric Car Development Role

WASHINGTON (AP) — A Department and Department of Housing and Urban Development advised that no decision be made until a pending study on the subject is completed.

The hearings, which began a month ago, were conducted jointly by the Senate Committee and the air-pollution subcommittee of the Public Works Committee.

The Commerce Department opposed a direct role for the government, while the Federal Power Commission urged such a course. Spokesmen for the Defense

program of research, development and experimentation to develop an electric car.

Curtailed of air pollution caused by the internal combustion engine and improved transportation in urban-suburban areas are the goals of the legislation.

The letters H. J. on old tombstones stand for the Latin words hic jacet, meaning "here lies."

Chips And Splinters

Contributions To Chips Welcomed

The Detroit College of Law has conferred a degree of Doctor of Laws upon Michigan State Supreme Court Justice Michael D. O'Hara of Menominee, and on Justices John R. Dethmers, Thomas Brennan and Thomas Kavanagh.

Rotary Views Regional Film; Ruppe Coming

A motion picture, "The Beauty and the Bounty," was presented to the Rotary Club at its meeting at the House of Ludington Tuesday noon.

The film was sponsored by the Upper Midwest Development and Research Council and depicted the economic progress of the Ninth Federal Reserve Bank District, including the Upper Peninsula.

Dave Farrand, industrial development specialist, Upper Peninsula Committee on Area Progress, arranged for the film. Farrand was presented by Russ Lee of the Rotary Club's program committee.

Isadore Stein, Rotary Club president, conducted the meeting.

Henry Dubbelde of the program committee announced that Congressman Philip Ruppe (R-Houghton) will speak at a joint meeting of the Rotary and Kiwanis at the House of Ludington on April 18.

Backache relief pills bring mild diuretic action through the kidneys

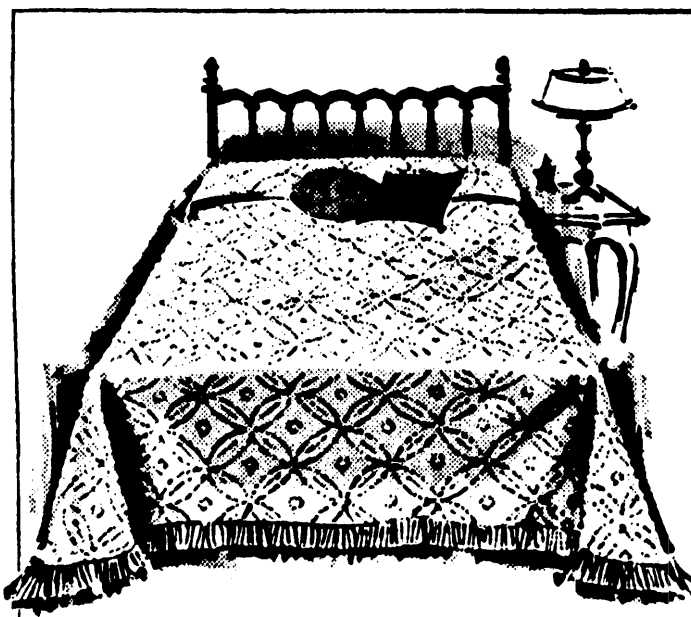

Unwise eating or drinking may be a source of mild but annoying bladder irritations—making you feel restless, tense and uncomfortable. Doan's Pills often help to bring prompt relief in two ways: 1) their soothing effect to ease bladder irritation; and 2) a mild diuretic action through the kidneys tending to increase output of the 15 miles of kidney tubes. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. With their specially pain-relieving action, Doan's Pills work promptly to ease torment of nagging backache, headache, muscular aches and pains. So get the same happy relief that millions have enjoyed for over 60 years. For convenience, use Doan's Pills large size. Get Doan's Pills today!
